Speed Wind Steel Fish Tape, 1/8-Inch x 120-Foot

Klein Tools' Steel Fish Tape is built to make long wire pulls faster, smoother and easier. The Speed Wind design includes screwdriver and conduit-assist slots for 2X faster winding compared to standard manual fish tapes. A firm yet flexible high-carbon steel tape tackles long runs and large pulls, while the ergonomic multi-position handle and slip-resistant case provide a steady grip and smooth payout. Laser-etched markings track conduit runs and remaining tape for added accuracy on the job.
