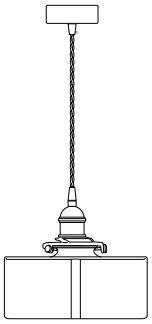
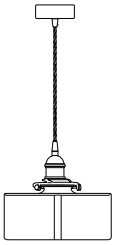
Ceiling Light Fixture
Model# JK-PL006TR18



PACKAGE CONTENTS



1 x Ceiling Light Fixture

3 x Wire Nuts

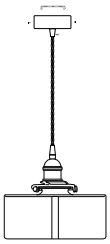
3 x Screws

3 x plastic expansion pipes

How to install the Ceiling Light Fixture

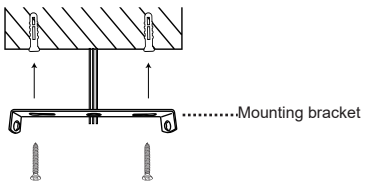
1

Thread the lamp wire through the nut and then through the lamp base; tighten the nut to secure the wire to the base.Unscrew the screws from the lamp base and remove the mounting bracket.



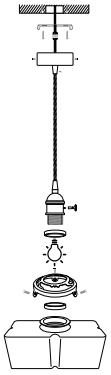
2

Use plastic expansion pipes and screws to secure the bracket to the ceiling.



3

Connect the house live wire to the red wire from the light fixture using a wire connector.Attach the neutral wire from the house to the blue wire from the light fixture. Then, attach the ground wire from the house to the Copper wire from the light fixture the same way.
Wrap all wire connections with electrical tape for a more secure connection.
Carefully tuck all wire connections into the outlet box.
Finally, twist the lampshade to remove it, then install the light bulb and put the lampshade back in place.
It's ready to use.



4

Please note: this product is a light fixture only; bulbs are not included and must be purchased separately before use.
