PACKAGE CONTENTS

Ceiling Light Fixture

Wire Nuts

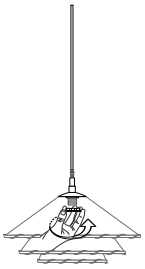
Screws

plastic expansion pipes

How to install the Ceiling Light Fixture

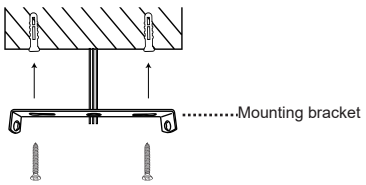
1

Unscrew the lamp housing fastening clasp of the wall sconces fixture, put the lamp housing into the lamp base, and then re-tighten the lampshade fastening clasp (as shown in figure).



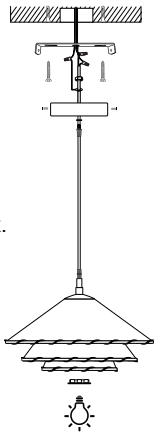
2

Unscrew the screws from the lamp base and remove the mounting bracket.Use plastic expansion pipes and screws to secure the bracket to the ceiling.



3

Connect the house live wire to the blue wire from the light fixture using a wire connector.Attach the neutral wire from the house to the brown wire from the light fixture. Then, attach the ground wire from the house to the yellow wire from the light fixture the same way. Wrap all wire connections with electrical tape for amore secure connection. Carefully tuck all wire connections into the outlet box.



4

Please note: this product is a light fixture only; bulbs are not included and must be purchased separately before use.
