

SHOWER DOOR GLASS CARE & CLEANING

The following tips will help ensure your shower door glass stays clean and beautiful.

- After showering, use a good quality squeegee to remove water from the surface
- Wipe the door dry after showering with a clean, soft microfiber cloth, especially if you live in an area with hardwater or notice soap deposits
- Periodically clean your glass with a mild detergent or vinegar solution
- Do not use abrasive cleaners and never use bristly brushes or rough sponges

For regular cleaning use ONLY mild detergents or warm, soapy water. Use ONLY non-abrasive cloth or sponge. ALWAYS rinse surfaces after cleaning. Before cleaning this product with cleaning products, test a small, inconspicuous area.

CAUTION: Manufacturer does not recommend the use of cleaning products that contain any of the following chemicals. Use of products containing these chemicals can cause the products to discolor and will void the warranty.

• Naphtha • Hydrogen Peroxide Solution (common household peroxide) • Toluene • Ethyl Acetate • Lye (common in drain cleaner) • Acetone
