

Install an entire bathroom without busting up your floor!

Ideal for basements... and much more!

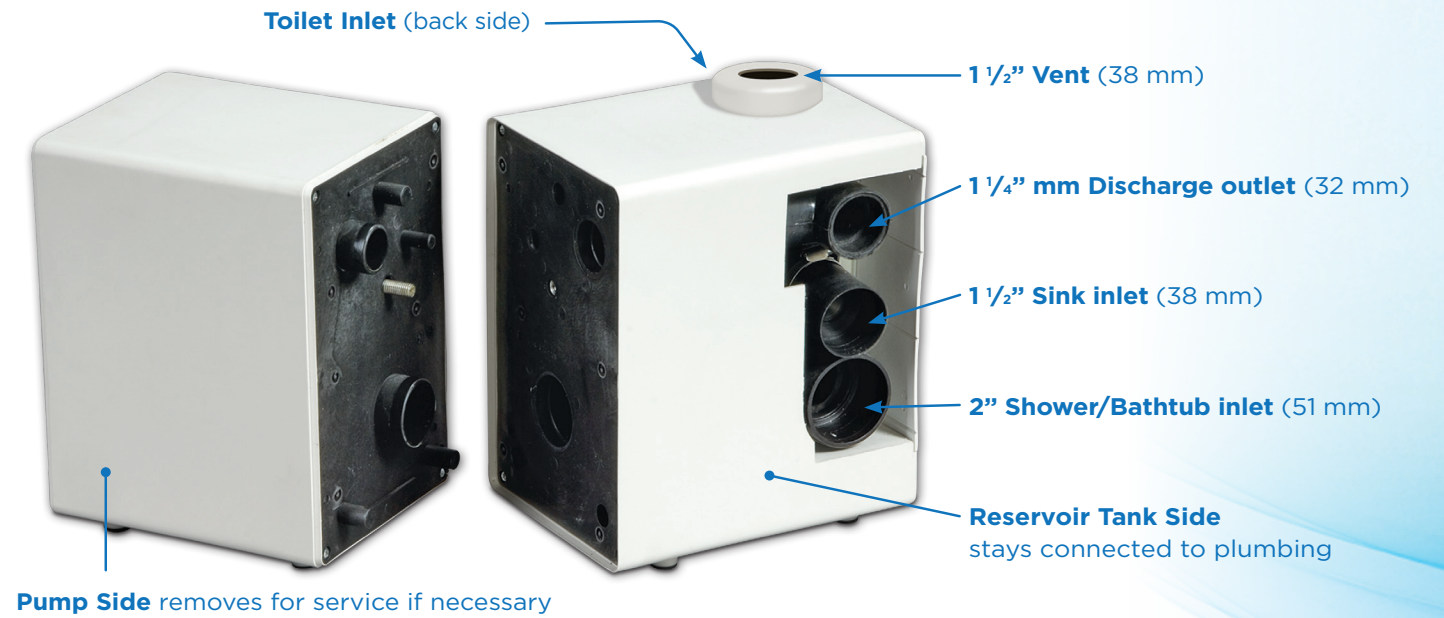

- Loft Conversions
- Wet Bars
- Special Needs Facilities
- Garage Conversions
- Areas with Slab Floors
- And More!

Bathroom Anywhere's system - macerator and rear-discharge toilet - enables homeowners to install a bathroom with toilet, sink and shower/bathtub in places where traditional gravity plumbing is unavailable. It saves the installer time, money and mess by avoiding the break-up of concrete floors to install underground plumbing required by traditional bathroom fixtures.

Bathroom Anywhere is highly engineered with built-in check valves, and handles 200°F (93°C) water - compared to 105°F (40°C) for any competition. The system has been tested to 2 million cycles, far exceeding ANSI specifications of 50,000 cycles. This extensive testing allows us to back Bathroom Anywhere with an industry-leading warranty.

Superior engineering & split design for easy access and maintenance.

Macerator System

- Powerful 0.8 HP/600 W centrifugal pump
- Clog-resistant design
- Manual override button to aid in clearing obstructions

Unique Split Design

- Easy access to unclog unflushable objects
- Allows easy, no-mess servicing if needed
- No need to disconnect plumbing lines or toilet for maintenance
- Bladder system contains odors and ensures against leaks

Toilet Tank & Bowl

- **"Slow-Close" Seat and Cover included** - a \$45 value!
- Rear-discharge toilet with 1.28 gallon (4.8 L) flush
- Contemporary styling: round and elongated bowl
- 18 1/2" (470 mm) comfort height

Industry's Quietest System

- As quiet as a conventional toilet

Safety

- Built-in backflow prevention
- Overheat and circuit protection

3 Easy Installation Options:

1 System and Plumbing Hidden

2 System Exposed, Plumbing Hidden

3 System and Plumbing Exposed

Macerator Pump Includes:

- 120V macerator pump
- Integral anti-siphon backflow prevention
- Installation hardware w/clamps
- Installation instructions

Macerator Pump Specifications:

- Max. 55 gallons/min (208 liters/min)
- 0.8 Horsepower/600 W
- Amp Draw: 8A @ 120V

Macerator Box Dimensions:

- 18.5" (W) x 11.5" (H) x 7" (D)
470 mm (W) x 292 mm (H) x 178 mm (D)
- Color: White

Required (not included):

- GFCI electrical outlet
- Plumbing fittings and pipes
- No need to purchase expensive extension pipe to conceal the plumbing — a \$50 savings!

Weights:

- Macerator Pump: 26 lbs. (11.8 kg)
- Elongated Toilet Bowl: 70 lbs. (31.8 kg)
- Round Toilet Bowl: 62 lbs. (28.2 kg)
- Tank: 32 lbs. (14.5 kg)

Macerator Pump, Toilet Bowl and Tank sold separately.

Toilet tank and bowl are available in White or Bisque and are sold separately.
