## Standard Shoplight 0755021 (ST217HR8)

### Features

Functional and multi-purpose standard 2-light strip channel provides general illumination for indoor and damp applications. Product features include snap assembly socket bars and wire way cover. Fixture can be mounted individually or in continuous rows for surface or suspended mounting. Applications include light commercial, industrial, retail, coves and displays.

### Construction

Heavy-duty channel is die-formed from 22-gauge steel. Channel cover snaps to housing for easy access to wire way. Electrical connections are made inside the wire way. Standard mounting holes and wiring knockouts are included.

### Finish

Housing is finished in lighting grade white baked gloss enamel paint.

### Diffuser

No diffuser. Fluorescent lamps are exposed.

### Electrical

UL listed instant-start, electronic 120V 60Hz AC. Normal power factor, 120V, residential grade ballast.

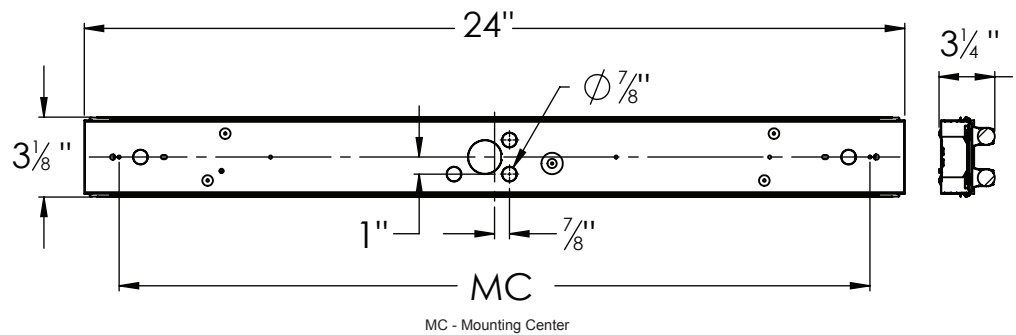

### Lamping

For use with 17W T8 fluorescent linear lamps; not included.

### Certification

cULus listed for damp location.  
ENERGY STAR® qualified
