EasyRack™ Plus w/ Height Adjustable 3rd Rack

The newly-enhanced **EasyRack™ Plus** system provides outstanding flexibility and convenience, adjusting to just about any load of dishes to ensure optimal cleaning performance. Easy to adjust on-the-fly, this racking system can shift to handle any challenge your dishes can serve up.

The **Height Adjustable 3rd Rack** gives you more space to fit everything from long flatware to small espresso cups.

LoDecibel™ Operation

LG's technological advances, like the Inverter DirectDrive motor and the advanced 3-stage filtration system, were designed with quiet in mind. At **42dB**, this dishwasher is among the quietest dishwashers in its class.
