DRYING DONE RIGHT

LG wants your new dryer to run smoothly and efficiently right from the start. That’s why we know you’ll appreciate our 3-Minute Smart Installation Check feature. The name says it all. Before your first load, count on Installation Check to run through a set of diagnostics to make sure everything is working correctly. Thumbs up… and you’re ready to go. Ready to experience great features like Sensor Dry, which automatically adjusts drying time to ensure you get perfectly dry laundry every time!

SPECIFICATIONS

• Precise Temperature Control with Variable Heat Source
• LoDecibel™ Quiet Operation
• SmartDiagnosis™
• 3 Minute Installation Check
• FlowSense™ Duct Clogging Indicator
• Wrinkle Care Option
• Anti-Bacterial Cycle
• Damp Dry Signal

7.3 cu ft Ultra Large Capacity
Do laundry a little less often. With 7.3 cubic feet of capacity, this dryer handles really large loads, saving you time and energy.

SmartDiagnosis™
If you ever experience an issue with your LG dryer, you have to worry. The SmartDiagnosis™ feature helps the service center diagnose problems over the phone, or with a simple app on your smart phone, helping you minimize costly, inconvenient service calls.*

Sensor Dry System
What’s worse than pulling clothes out of the dryer and finding they’re still damp? Our Sensor Dry System measures the moisture levels during the cycle and automatically adjusts the drying time, to ensure you get dry laundry every time.

* SmartDiagnosis™ is designed to supplement existing methods of problem identification and may not be able to troubleshoot all issues. Smartphone App does not require calling into the Service Center but will/could incur data charges.
**CAPACITY**
Capacity: 7.3 cu. ft.

**APPEARANCE**
Design Look: Rear Control
Intelligent Electronic Controls with Dual LED Display
Dial-A-Cycle™

**WASH PROGRAMS**
