

LAUNDRY

DLE1501W/ DLG1502W

Ultra Large Capacity High Efficiency Front Control w/ Sensor Dry

SAVING TIME IS ALWAYS IN STYLE.

Get in, get out, get it done. At last there's a washer that understands you need for speed. You set the pace, with fast access to your favorite settings using the convenient front control design, and the SlamProof™ glass lid that keeps the peace no matter how quickly you're moving. Can anything slow you down? Only when you pause to admire how the sleek and stylish design looks in your space.

- NFC Tag On
- Wrinkle Free Cycle
- Sensor Dry System
- Precise Temperature Control with Variable Heat Source
- LoDecibel™ Quiet Operation
- SmartDiagnosis™
- 3 Minute Installation Check
- FlowSense™ Duct Clogging Indicator
- Wrinkle Care Option
- Anti-Bacterial Cycle
- Damp Dry Signal

KEY FEATURES

7.3 cu ft Ultra Large Capacity

Do laundry a little less often. With 7.3 cubic feet of capacity, this dryer handles really large loads, saving you time and energy.

Front Control Design

LG puts a modern spin on the traditional top load design. By moving the control panel from the back to the front, the buttons and LED display are easier to read and use. This simple change makes for a more intuitive and functional design and a look that is unlike anything you've ever seen.

Sensor Dry System

What's worse than pulling clothes out of the dryer and finding they're still damp? Our Sensor Dry system measures the moisture levels during the cycle and automatically adjusts the drying time, to ensure you get dry laundry every time.
