OPEN UP TO CONVENIENCE

The dual-opening options of the LG EasyLoad™ door make loading and unloading the dryer easier than ever. Transferring wet clothes from the washer? Simply press the release button and pull down the door hamper style to keep that stray sock from hitting the floor. Removing dry items? Swing the door to the side to clear the way for your basket below. Even tight spaces and challenging laundry-room layouts are no match for versatility like this.

7.3 cu ft Ultra Large Capacity

Do laundry a little less often. With **7.3 cubic feet of capacity**, this dryer handles really large loads, saving you time and energy.

LG EasyLoad™ Door

Load and unload the way you want with the dual-opening options of the LG EasyLoad™ dryer door.

Sensor Dry System

What's worse than pulling clothes out of the dryer and finding they're still damp? Our **Sensor Dry System** measures the moisture levels during the cycle and automatically adjusts the drying time, to ensure you get dry laundry every time.
