### STYLISHLY SPACIOUS

If you think a refrigerator with top-of-the-line features means sacrificing style or space, this will make you reconsider. With nearly 25 cu. ft., this 33" wide refrigerator has the largest capacity in the market and features like a tall water dispenser with an ice system that actually frees up shelf space. With that, and much more, you get the peace-of-mind of a 10-year warranty on linear compressor. It's a refrigerator with something for everyone.

### Slim SpacePlus™ Ice System

It's great having an ice maker, but not if it means you can't fit all of your food in the fridge or freezer. The Slim SpacePlus™ ice system frees up additional shelf space and additional door space.

### 10-Year Warranty on Linear Compressor

When you buy a refrigerator, you don't want to worry that it won't last. Because the Linear Compressor uses fewer moving parts and operates more efficiently, LG confidently backs the compressor with a 10-year warranty.

### Tall Ice & Water Dispensing System

From pitchers to pint glasses: finally a water dispenser that can accommodate just about all. The water- and ice-dispenser in this LG refrigerator is one of the tallest around, measuring in at an ultra-accommodating 13 inches.
