PSA9120SF

GE Profile Series Advantium® 120 Over-the-Range Oven

Dimension Information (in inches)

Hood Exhaust Duct

Outside ventilation requires a HOOD EXHAUST DUCT. Read the following carefully.

EXHAUST CONNECTION:

The hood exhaust has been designed to mate with a standard 3-1/4" x 10" rectangular duct.

If a round duct is required, a rectangular-to-round transition adaptor must be used. Do not use less than a 6" diameter duct.

REAR EXHAUST:

If a rear or horizontal exhaust is to be used, care should be taken to align exhaust with the space between studs, or wall should be prepared at the time it is constructed by leaving enough space between the wall studs to accommodate exhaust.

Filter Kit Accessory

MAXIMUM DUCT LENGTH:

For satisfactory air movement, the total duct length of 3-1/4" x 10" rectangular or 6" diameter round duct should not exceed 140 equivalent feet.

ELBOWS, TRANSITIONS, WALL AND ROOF CAPS, etc., present additional resistance to airflow and are equivalent to a section of straight duct which is longer than their actual physical size. When calculating the total duct length, add the equivalent length of all transitions and adaptors plus the length of all straight duct sections. The chart below shows the approximate feet of equivalent length of some typical ducts.

Duct	Equivalent
A. Rectangular-To-Round Transition Adaptor	5 Ft.
B. Wall Cap	40 Ft.
C. 90° Round Elbow	10 Ft.
D. 45° Round Elbow	5 Ft.
E. 90° Rectangular Elbow	25 Ft.
F. 45° Rectangular Elbow	5 Ft.
G. Roof Cap	24 Ft.

PSA9120SF

GE Profile Series Advantium® 120 Over-the-Range Oven

Features and Benefits

- Speedcook Technology (120) - Enjoy oven-quality results two to four times faster than a conventional oven
- 4 Ovens-In-1 - Expand your cooking versatility with four ovens in one
- Halogen Heat - Skip the preheating with nearly instantaneous halogen heat
- Over 175 Preprogrammed Recipes - Preprogrammed recipes make meals easy
- Custom Recipe Saver - Conveniently store cooking instructions for up to 30 different recipes
- Backlit controls are easy to read by displaying highly visible LCD readouts (Backlit controls are available on GE Profile and Monogram stainless steel and black above-the-cooktop models only.)
- Three-Speed, 300-CFM Venting System - Quickly moves smoke and steam up from the cooktop
- Model PSA9120SFSS – Stainless steel
