

The Triton 12V Twin Pack includes the T12DD Drill Driver and T12ID Impact Driver. Both Drivers are equipped with the latest Mabuchi motor and all-metal gearing to deliver greater efficiency of power transmission and superior durability. The lightweight compact design and over-moulded grip delivers greater comfort, reduces fatigue during repetitive work and makes both drivers perfect when working within confined spaces. The T12DD 12V Cordless Drill Driver is ideal for all drilling and screwdriving applications. Featuring a 10mm / 3/8" removable single sleeve keyless chuck, the Drill Driver delivers 20Nm of torque and 17 stage torque adjustment for a variety of different materials and screw sizes. Equipped with a 6mm / 1/4" hex bit holder for quick bit changes, the T12ID Cordless Impact Driver provides extra power and force with 90Nm of sustained torque, making it perfect for fastening, tightening and driving applications.
