

Triton's Triple Blade Power Planer features a huge 180mm / 7" width for heavy duty planing of the toughest wood surfaces. The powerful 1500W / 12.5A motor packs twice the power of conventional planers, resulting in precise material removal and a superior finish. The revolutionary 3-blade drum delivers a massive 45,000 cuts-per-minute, improving balance, reducing vibration and blade wear, and increasing the speed of cut. A low centre of gravity design means this large, powerful machine is easy to control, whether on wide or narrow planing surface areas, and the dust extraction port easily connects to a dust extraction system for a cleaner, safer, working environment.

**Adjustable Bail Handle**

for additional control & safety

**Powerful 1500W Motor**

for heavy duty planing the toughest wood surfaces

**Power-On Neon**

indicates a live power connection

**Magnesium Construction**

for superior strength and durability

**Non-Slip Rubber Over-Moulded Grip**

offers increased support, safety & control

**Tungsten Carbide-Tipped Blades**

are reversible for extended life

**Fully Cast Base**

ensures flatness and increases accuracy of cut

**10-Position Depth Control Dial**

sets the cut depth from 0 - 2mm / 0-3/32"

**Dust Port**

for connection to a dust extraction system

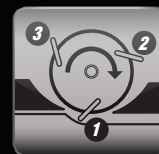

**Low Centre of Gravity Design**

for stability & control

**3-Blade Drum Design**

for faster, smoother cuts & a superior finish

**180mm / 7" Planing Width**

for the toughest wood surfaces

**Selling Points**

- Powerful 1500W motor for heavy duty planing of hard woods
- 180mm / 7" planing width for rapid material removal in a single pass
- Revolutionary 3-blade drum design provides a superior cutting action & smoother finish
- 10-Position depth control dial for precise material removal
- Magnesium construction for superior strength & durability
- Adjustable bail handle provides greater support & control of the tool
- Power-on neon indicates a live power connection

**What's in the Box**

- Wrench
- Dust Bag
- Dust Connector
- Guide Fence
- 3 x Reversible HSS blades

**Key Specifications**

	Voltage	
	220 - 240V 50Hz	120V 60Hz
Power	1500W	12.5A
No Load Speed	15000rpm	
Cuts Per Minute	45000	
Planing Depth	0-2mm	3/32"
Planing Width	180mm	7 3/32"
Blade Type	3 x Reversible 180mm / 7" HSS	
Weight	8.5kg	18.7lbs
