

Equipped with 2 x 1.5Ah Li-Ion batteries and a 6mm / 1/4" hex bit holder for quick bit changes, the Triton T12ID Cordless Impact Driver provides extra power and force with 90Nm of sustained torque, making it perfect for fastening, tightening and driving applications. Delivering 3000 impacts-per-minute and a driving speed of 2000rpm for increased productivity, the T12ID also features all-metal gears for controlled delivery of torque and superior durability. The built-in LED worklight illuminates the workpiece to improve visibility of the job at hand and the compact design makes it perfect for working within confined spaces. The lightweight design and over-moulded grip delivers greater comfort and reduces fatigue during repetitive work.
