

The Triton T12DD 12V Cordless Drill Driver is ideal for all drilling and screwdriving applications. Featuring a 10mm / 3/8" removable single sleeve keyless chuck for quick bit changes, and 2 x 1.5Ah Li-Ion batteries, the T12DD delivers 20Nm of torque in a compact and lightweight design for continuous work in confined areas. The two-speed Mabuchi Motor and all-metal gearing with electronic brake delivers greater efficiency of power transmission and prolongs the life of the tool. The T12DD is equipped with 17-stage torque adjustment for a variety of different materials and screw sizes and a built-in LED worklight to illuminate the work surface. The over-moulded grip improves comfort and reduces fatigue during repetitive work.
