

Fitted with a superlative, high grade diamond grindstone and leather honing wheel, the Triton Wetstone Sharpener produces a polished, razor-sharp edge on cutting and shaping tools. Used in conjunction with the supplied honing compound, the leather honing wheel delivers a finely polished finish, ideal for hand tools, knives, plane irons, chisels, and other wood carving tools. Edges won't overheat or lose their sharpness due to the water-cooled, slow speed of the Wetstone Sharpener. Using the support arm, angle guide and jig, it is easy to shape and sharpen a blade precisely to the angle required. Pre-dressed and ready for use, the high-grade diamond grindstone can be easily and quickly re-dressed with the provided stone grader. The 120W / 1A induction motor provides long-lasting, smooth performance and rubber feet keep the machine steady and minimise vibration for a perfect finish.

**Selling Points**

- High grade, pre-dressed diamond grindstone with stone grader
- Smooth 120W / 1A induction motor for long-lasting performance
- Support arm & square edge jig for maintaining correct sharpening angle
- Water-cooled slow speed ensures the edge does not overheat & lose sharpness
- Leather honing wheel & honing compound for a polished, razor-sharp edge
- Angle guide for measuring & setting exact blade bevel
- Easy to shape & sharpen a blade exactly to your needs

**Key Specifications**

	Voltage	
	220-240V 50Hz	120V 60Hz
Power	120W	1A
No Load Speed	2800rpm	
Wheel Speed	125rpm	
Bore Diameter	Ø 12mm	Ø 15/32"
Sharpening Stone Size	Ø 250 x 50mm 220 Grit	Ø 10" x 2" 220 Grit
Honing Wheel Size	Ø 230 x 30mm	Ø 9" x 13/16"
Weight	13kg	29lbs

**Optional Accessories**

TWSLKJ	Long Knife Jig
TWSTR	Tool Rest
TWSSG	Stone Grader
TWSDTT	Diamond Truing Tool
TWSGAJ	Grinding Angle Set-Up Jig
TWSTGJ	Turning Gouge Jig
TWSSJ	Scissors Jig
TWSPCJ	Plane Camber Jig
TWSSAE	Support Arm Extension
TWSWSC	Machine Cover
TWSCTJ	Carving Tool Jig
TWSSEJ	Straight Edge Jig
TWSLHW	Profiled Leather Honing Wheel
TWSDW	Diamond Wheel
TWSHC	Honing Compound

**What's in the Box**

- Square Edge Jig
- Stone Grader
- Honing Compound
- Grinding Angle Set-up Jig
- Spanner
