

Bianca Direcional

Designed in 2000

	Safety cages available for low ceilings.
	Suitable for Damp Location **
	Compatible with Downrod Light Canopy
	U.S.A. Components and Labor

Shown in Brushed Nickel with metal blades and decorative cage

shown in Black with wood blades

The blades of the Bianca Direcional ceiling fan can be infinitely positioned in a 180-degree arc to provide maximum, directional airflow. The Bianca can be hung in small, awkward spaces or in front of HVAC ducts to make more efficient the heating, ventilation or air conditioning of any room.

- Constructed of cast aluminum, heavy spun and stamped steel, the Bianca carries a limited lifetime warranty.
- Each unique motor mount and fan head knob is made of genuine marbled Bakelite.
- The Bianca is available with the following blade options:
 - metal blades with decorative metal blade guards
 - solid, ecologically harvested Brazilian mahogany blades without blade guards
 - metal blades with metal safety cages for use in low ceiling applications (7 ft in US / 8.2 ft in Canada)
