Technical Information

Fixture*:				
Basin area	Ø 14-3/4" (375 mm)			
Water depth	4-9/16" (116 mm)			
Drain hole	Ø 1-3/4" (44 mm)			
* Approximate measurements for comparison only.				

Included component:	
Cut-out template	1091072-7

Installation Notes

Install this product according to the installation guide.

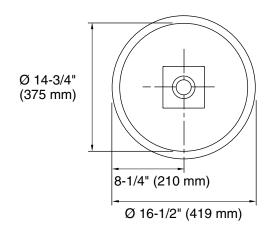

Product does not have overflow.

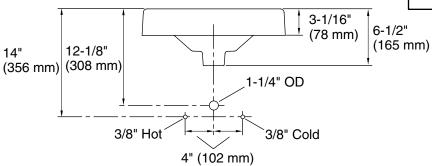

NOTICE: The countertop manufacturer or cutter **must** use the cut-out template provided with the product, or a current cut-out template provided by the Kohler Co. (call 1-800-4-KOHLER). Kohler Co. is not responsible for errors when the incorrect cut-out template is used.

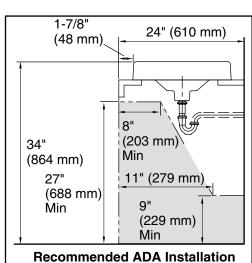

The spout must be a minimum of 5" (127 mm) long for adequate clearance into the lavatory when installed with the centerline, as shown.

The spout must be tall enough to clear the 3-1/16" (78 mm) rim height and provide a 1" (25 mm) air gap per ASME A112.1.2.

Will comply with **ADA** when installed per section 606 Lavatories of the Act.
