	1500 Watt pure sine-wave inverter	Simulates grid power. Compatible with all electronic devices.	Protect your gear, motors.
	20 amp MPPT Charge Controller	Protects battery from over-charging & excessive discharging.	Gear is safe.

Solar Generator Kit Includes:

- YETI 1250 Solar Generator
- 2x BOULDER 30 Solar panels
- Wall charging cable
- Fabric carrying case for panels
- Carrying cart

SKU: 39004
MSRP: \$1999.99

Solar Generator Includes:

- YETI 1250 Solar Generator
- Wall charging cable
- Carrying cart

SKU: 31901
MSRP \$1499.99

POWER RUN TIMES

Appliance	Runtimes
Refrigerator	2-4 days
Home alarm system	10+ days
Deep freezer	8 days
Television	35 hours
Printer	18,000+ pages
Laptop	30+ hours

YETI¹²⁵⁰ SOLAR GENERATOR KIT

*Like the Abominable Snowman,
the Yeti 1250 cranks out big power
silently, stealthily.*

COMPARISONS - YETI 1250 versus competition

Versus Other Solar

- Most watts
- Rated for continuous operation
- Highest AC output, most port options
- Best value

Versus Gas Generators

- Quiet, Clean, Safe
- Stores Power
- Operate indoors
- More efficient

ACCESSORIES:

Solar Tripod

- Solar panel mounting base
- Legs extend to 6'

PERFECT FOR:

Emergency - power outage

- Hawaii, Mountain states, New England, Southeast
- Relief organizations, NGO's, field clinics & hospitals

Working off-grid

- Contractors, light duty construction
- Do-It-Yourselfer (DIY)
- Outdoor exhibitors, small business owners

Playing off-grid

- Camping; tent, base camp
- Cabins, RV communities
- Tailgaters
- CPAP machine
