All product dimensions are nominal.	
Installation:	3-Wall Alcove
Drain location:	Left
Basin area, bottom:	46-1/4" x 20-1/2" (1175 mm x 521 mm)
Basin area, top:	52-1/4" x 22-1/2" (1327 mm x 572 mm)
Water depth:	11" (279 mm)
Water capacity:	34 gal (128.7 L)
Door height required:	56-1/2" (1435 mm)
Door width required:	56-3/4" (1441 mm)

Notes

Install this product according to the installation instructions.

Product is designed to be used with a single-hole mixer valve with an escutcheon cover not to exceed 7-3/4" (197 mm) in width.

Studs should be positioned roughly as shown.

Double studding is recommended for pivot shower door installations.

Bath cannot be installed without the wall surround.

Attach grab bars at the specified backer board locations only.

Width of back wall at top transitions from 60" (1524 mm) at the front to 59-3/8" (1508 mm) in the back corners. Furring strips approximately 1/4" (6 mm) thick should be used at the back corner studs if drywall is to be installed over the nailing flange.
