#### Notes

Measure your actual product for rough-in details. Install this product according to the installation instructions.

The hot water supply should be 70% of the capacity of the bath or greater. Installations will vary.

Control amplifier fits 16" (406 mm) center studs. 25' (7.6 m) cables are included.

One electrical service may be used for the entire bath and related electrical components.

Remote blower installation kit K-1446 is available for relocating the blower. Provide access for servicing the blower.

Do not relocate or alter the PVC tee or coiled flexible tubing connected to the blower. Follow the blower relocation instructions exactly.
