

Features

- Vitreous china
- Compact elongated bowl
- Comfort Height[®]
- AquaPiston[®] flushing system
- Includes Glenbury[™] Q3 seat, cover [K-4733] and left-hand polished chrome trip lever
- 12" (305 mm) rough-in
- 1.28 gpf (4.8 lpf)
- Skirted trapway
- 2 1/8" (54 mm) plastic trapway

Technology

- Single-flush gravity uses the force of gravity and a precision-engineered tank, bowl, and trapway to create a strong siphon during flushing
- AquaPiston[®] canister allows water to flow into the bowl from all sides (360 degrees), increasing the power and effectiveness of the flush
- Flush valve's 3:2 ratio harnesses the natural force of gravity and optimizes flush performance
- Durable canister design has 90% less exposed seal material than a 3" flapper, for leak-free performance
- Light-touch canister flush requires a lower actuation force than a flapper

Installation

• Standard 12" rough-in

Water Conservation & Rebates

- WaterSense® toilets meet strict EPA flushing guidelines, including using at least 20 percent less water than 1.6 gpf toilets
- Eligible for consumer rebates in some municipalities

Codes/Standards ASME A112.19.2/CSA B45.1 DOE - Energy Policy Act 1992 EPA WaterSense®

KOHLER® One-Year Limited Warranty
