

RF261BEAESR

SAMSUNG

Samsung 26 cu. ft. Capacity French Door Refrigerator with Internal Filtered Water Dispenser

Signature Features

Filtered Water

- Get great-tasting, filtered water directly from your refrigerator. Spend less time and money buying bottled water.

Twin Cooling Plus®

- Refrigerator air is kept at higher, near-commercial-grade humidity levels to keep perishable fruits and vegetables fresher longer.
- Drier freezer air means less freezer burn for better-tasting frozen foods.

High-Efficiency LED Lighting

- High-efficiency design beautifully lights up the interior so you're able to quickly spot what you want.
- Sleek design saves more space than traditional incandescent light bulbs.

SAMSUNG

Samsung 26 cu. ft. Capacity French Door Refrigerator with Internal Filtered Water Dispenser

Installation Specifications

1. Measure the height, width and depth of the opening, making sure to include baseboards, molding tile, countertop overhang, etc. Check to be sure there is enough room to open the door (consider walls, islands or other obstacles when measuring).
2. Refer to illustration below to determine dimensions.
3. Allow 2.5" of clearance on hinge side of refrigerator when installing next to a wall where handle may make contact.
4. Allow 1" minimum clearance at rear for proper air circulation and water/electrical connections. Allow a 3/8" minimum clearance at sides and top for ease of installation.
5. Ensure each door and entryway in the home is wide enough for the refrigerator to be moved through easily.

For optimal usage and to be able to open refrigerator doors completely, do not install next to a wall.

Please note: The following dimension and cutout information is for planning purposes only. For complete installation details, consult manual packed with product, or download manual online at samsung.com.

Dimensions

Total Capacity: 25.5 cu. ft.

Refrigerator: 17.5 cu. ft.

- Internal Filtered Water Dispenser
