

## Safety Snow Fence

### DESCRIPTION

Tenax Safety Snow Fence is a UV stabilized fence with oval mesh openings that is designed to slow wind and create drifts for snow storage so that they will not interfere with roadways, driveways, or runways. Tenax Safety Snow Fence's strong HDPE plastic resists wind damage and remains flexible in freezing temperatures.

### USES

- For use along drive ways and roadways to control snow drifts in moderate snow environments
- Visual fence around sand dunes

### BENEFITS

- Lightweight - easy to carry and handle
- UV stabilized - long lasting
- Reusable, recyclable and affordable
- Won't rust, rot or corrode
- Easy to install and premium grade
