why homefree?

Rubbermaid Homefree Series™ is a uniquely flexible closet system. The shelves expand by overlapping, so you can use every inch of your closet without having to cut the shelves. The hang rods telescope, allowing the flexibility to adjust your hanging space, as needed. With add-on shoe shelves, cubes and drawers, you can truly make the most of your space.

THE CLOSET OF YOUR DREAMS STARTS HERE

The Rubbermaid Storage Planner makes designing the closet of your dreams easy. This interactive digital tool shows you how to organize everything in your closet, pantry, laundry or linen area, all while maximizing space.

- Offers an easy, interactive experience designing the closet of your dreams right on your PC or tablet
- Choose from pre-configured designs or personalize settings based on your needs
- The Storage Planner provides you with a complete parts list to simplify shopping
