

Please go to www. quozel. com for product cleaning tips. Go to the **Care + Maintenance** selection.

Tools Required: Plier.

Light Source: (2) A19 Medium Base bulbs 60W Maximum.

Estimated Assembly Time: 15-20 minutes

Preparation: Identify and inspect all parts before beginning installation. Check package content list and diagrams below to be sure all parts are present. If any parts are missing or damaged, do not attempt to assemble, install, or operate the fixture. Contact customer service for replacement parts.

⚠ Warnings and Cautions

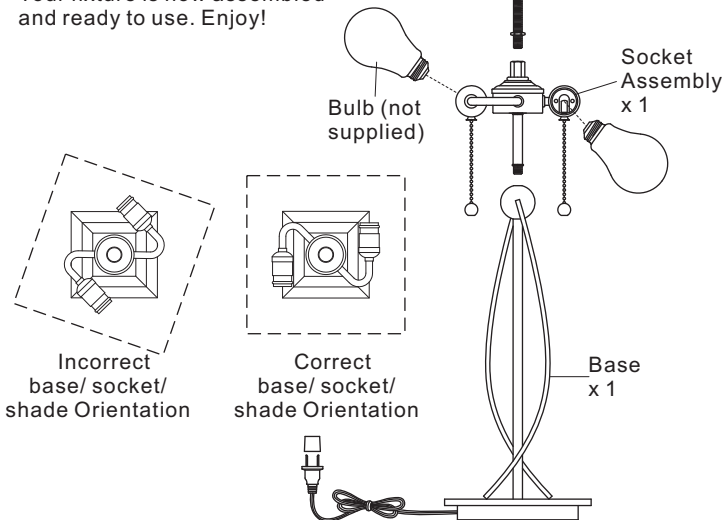

Turn off electricity at circuit breaker or main fuse box before installation. Consult a licensed electrician if in doubt.

These instructions are provided for your safety. It is very important you read them completely before installing the fixture. We strongly recommend that a licensed, professional electrician perform the installation.

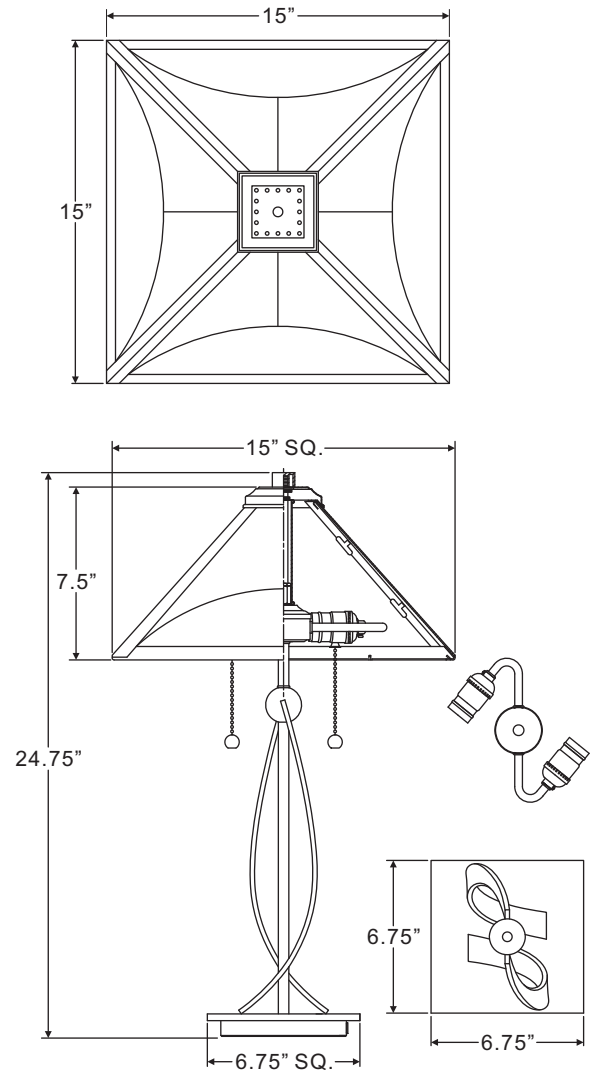

Disconnect fixture from power source before replacing bulbs. Make sure bulbs are given sufficient time to cool before removal.

- A. Thread the Socket Assembly onto the top center of the Base and hand tighten until snug.
- B. Thread the hex nut end of the Nipple with Hex Nut into the hex coupling on the top center of the Socket Assembly. By using the pliers, thread the hex nut against the hex coupling and hand tighten until snug.
- C. Place the Spacer Tube and the Check Ring over the top end of the Nipple and secure with the Small Knurled Nut. Hand tighten until snug.
- D. Thread the Big Knurled Nut onto the top end of the Stem and adjust it to proper location for rest components. Place the Flat Washer and the Shade over the Nipple and make sure the Shade is parallel with the Base. Secure with the Finial and hand tighten until snug.
- E. Insert bulbs onto sockets and screw snugly into place.

Your fixture is now assembled and ready to use. Enjoy!
