## ASSEMBLY AND INSTALLATION INSTRUCTIONS

## OX-CHU009 / OX-CHU012

WARNING: BE SURE TO SHUT OFF POWER AT THE MAIN FUSE OR CIRCUIT BREAKER BOX BEFORE INSTALLING OR SERVICING THIS FIXTURE.

NOTE: 1. Before installing, consult local electrical codes for wiring and grounding requirements.

2. READ AND SAVE THIS INSTRUCTION.

- 1. Attach the nipple to the mounting strap, then secure it with a washer and hex nut.
- 2. Attach the mounting strap to the outlet box by using two mounting screws.
- 3. Secure the top loop to the nipple.
- 4. Secure the short threaded side of the stem into the coupling of the holder.
- 5. Slip the cover, a cap with the open side facing upward, center pipe, another cap with the open side facing downward, fixture canopy and big metal pad through the stem, secure them together with a washer, coupling and loop.
- 6. Take a decorative arm and thread one end through the holes in fixture canopy and big metal pad, secure it with a small metal pad and hex nut. Then align the hole in the other end of the decorative arm with the stud on the lower arm, secure it with a bolt nut. See the graph for correct position. Repeat with other decorative arms.
- 7. Choose the length of the chain you need, then weave the fixture wire and the fixture grounding wire through the chain, collar and canopy.
- 8. Connect one end of the chain with the loop by using a loop lock.
- 9. Connect the other end of the chain with the top loop by using another loop lock.
- 10. Thread the fixture wire and fixture grounding wire through the top loop, nipple and mounting strap.
- 11. Pull out the outlet wires and house grounding wire from the outlet box. Make wire connections using the wire nuts:
  - ---The smooth wire (marked) from the fixture to the black wire from the power source.
  - ---The ridged wire (unmarked) from the fixture to the white wire from the power source.
  - ---Attach the fixture grounding wire to the mounting strap with the green grounding screw. Then connect it to the house grounding wire with a wire nut.
  - Carefully put the wires back into the outlet box.
- 12. Attach the canopy to the mounting strap by inserting the top loop, then secure it with the collar.
- 13. Attach the glass shades and spacers to the glass holders, then secure them with socket rings, using supplied socket ring fixer.
- 14. Install bulbs (not included). See relamping label at socket area or packaging for maximum allowed wattage.
- 15. Turn on the power at the main fuse or circuit breaker box.
