

## INSTALLATION MANUAL FOR BOILER SYSTEM EXPANSION TANK

Please read the following instructions carefully.  
Keep this manual with the tank for future reference.

**⚠️ WARNING** READ CAREFULLY THE PRODUCT INSTALLATION, OPERATING AND MAINTENANCE INSTRUCTIONS. FAILURE TO FOLLOW THE INSTRUCTIONS AND WARNINGS IN THE MANUAL MAY RESULT IN SERIOUS OR FATAL INJURY AND/OR PROPERTY DAMAGE, AND WILL VOID THE PRODUCT WARRANTY. FOLLOW ALL APPLICABLE LOCAL AND STATE CODES AND REGULATIONS, IN THE ABSENCE OF SUCH CODES, FOLLOW THE CURRENT EDITIONS OF THE NATIONAL PLUMBING CODE AND NATIONAL ELECTRIC CODE, AS APPLICABLE.

**THIS IS THE SAFETY ALERT SYMBOL.** IT IS USED TO ALERT YOU TO POTENTIAL PERSONAL INJURY AND OTHER HAZARDS. OBEY ALL SAFETY MESSAGES THAT FOLLOW THIS SYMBOL TO REDUCE THE RISK OF POSSIBLE INJURY AS WELL AS PROPERTY DAMAGE.

**NOTE:** Inspect for shipping damage and notify freight carrier or store where purchased immediately if damage is present. To avoid risk of personal injury and property damage, if the product appears to be malfunctioning or shows signs of corrosion, call a qualified professional immediately. Current copies of the product manual can be viewed at [www.waterworkerdiy.com](http://www.waterworkerdiy.com). Use proper safety equipment when installing.

**⚠️ WARNING** FAILURE TO PROPERLY SEAL VALVE CAP WILL RESULT IN LOSS OF PRECHARGE CAUSING PRODUCT TO FAIL.

**⚠️ WARNING** This product, like most products under pressure, may over time corrode, weaken and burst or explode, causing serious or fatal personal injury, leaking or flooding and/or property damage. To minimize risk, a licensed professional must install and periodically inspect and service the product. A drip pan connected to an adequate drain must be installed if leaking or flooding could cause property damage. Do not locate in an area where leaking could cause property damage to the area adjacent to the appliance or to lower floors of the structure.

**⚠️ WARNING** EXPLOSION OR RUPTURE HAZARD. A relief valve must be installed to prevent pressure in excess of local code requirement or maximum working pressure designated in the Product Manual, whichever is less. Do not expose product to freezing temperatures or temperatures in excess of 240° F. Do not adjust the pre-charge or re-charge this product except for any adjustments at the time of the initial installation, especially if product is corroded, damaged or with diminished integrity. Adjustments to pre-charge must be done at ambient temperature only. Failure to properly size the product or follow these instructions may result in excessive strain on the system and may lead to product failure, serious or fatal personal injury, leakage, and/or property damage.

**⚠️ WARNING** WARNING: Mount vertically only. Do not install on a dead-end pipe.

**FOR USE IN CLOSED HYDRONIC SYSTEMS ONLY.** Do not install on domestic water systems, or in radiant heating systems without barrier tubing. Corrosion and tank failure may result. Use a water heater expansion tank for domestic water systems.

**⚠️ WARNING** EXPLOSION OR RUPTURE HAZARD. A relief valve must be installed to prevent pressure in excess of local code requirement or maximum working pressure designated in the Product Manual, whichever is less. At least once every 3 years or if discharge is present, a licensed contractor should inspect the temperature and pressure relief valve and replace if corrosion is evident or the valve does not function. **FAILURE TO INSPECT THIS VALVE AS DIRECTED COULD RESULT IN UNSAFE TEMPERATURE OR PRESSURE BUILD-UP WHICH CAN RESULT IN PRODUCT FAILURE, SERIOUS INJURY OR DEATH AND/OR SEVERE PROPERTY DAMAGE AND VOID THE WARRANTY.**

Part #: 9015-895 (12/11)

### Pre-Installation

1. Visually inspect expansion tank for any damage.
2. Adjust pre-charge to equal system fill pressure.
3. Replace and tighten plastic cap on air fitting.

### Installation

1. Drain the boiler system or isolate the area where the expansion tank will be installed.
2. Install the expansion tank on the supply side of the boiler, on the suction-side of the heating circulator(s) (see Figure 1).
3. Once the expansion tank is installed, re-pressurize the system and check for leaks. Repair as necessary.
4. Restart the boiler system and check for relief valve discharge. If the relief valve drips, the tank may be improperly charged or undersized.
5. The expansion tank is now operational and will absorb expanded water during boiler operation.

Figure 1.

### Maintenance

1. A professional plumber should check the complete heating system, including the expansion tank, yearly and more frequently as the system ages.

### Operation

1. The expansion tank is installed on the supply-side of the boiler system. Its sealed-in air pre-charge prevents water from entering the tank until the system pressure begins to rise.
2. As the water temperature rises, water enters the expansion tank.
3. As the system cools, the diaphragm is forced downward. Water is expelled from the expansion tank, back into the heating system.

### Notes

1. Although the expansion tank does not have to be installed at the base of an air purger, this installation is recommended to reduce air in the system and provide a compact installation. Some method of air elimination is required to ensure an oxygen-free system.
2. The expansion tank must not be placed overhead in the floor joist space. When replacing a plain-steel tank, the expansion tank should be relocated per Figure 1.

All models come with a 5 Year Limited Warranty. See reverse side for warranty information.

# WATER WORKER LIMITED PRODUCT WARRANTY

**Products covered:** all Products manufactured by WATER WORKER. (“WATER WORKER”).

*This warranty cannot be transferred - it is extended only to the original Purchaser or First User of the Product. By accepting and keeping this Product you agree to all of the warranty terms and limitations of liability described below.*

**IMPORTANT WARNING - READ CAREFULLY THE INSTALLATION, OPERATING AND MAINTENANCE INSTRUCTIONS MANUAL (“MANUAL”)** to avoid serious personal injury and/or property damage and to ensure safe use and proper care of this product

**Mail Your Product Registration Card Within 30 Days of Purchase to Ensure Your Warranty Coverage or Proof of Purchase Will Be Required for All Warranty Claims.**

## **Who Receives WATER WORKER’s Product Warranty**

All purchasers or first users of the new Product. The Warranty is non-transferable.

## **What is covered by this Warranty**

WATER WORKER warrants to the purchaser or first user of the new Product that at the time of manufacture, the Product is free from defects in material and workmanship. **Any warranty claim must be made within one (1) year unless another time period is set forth in the Manual, measured from the time the Product was purchased.**

## **What WATER WORKER Will Do If You Have a Covered Warranty Claim**

In the event of a breach of the foregoing warranty, WATER WORKER will at its option either make repairs to correct any defect in material or workmanship or supply and ship either new or used replacement parts or products. WATER WORKER will not accept any claims for labor or other costs.

## **What This Warranty Does Not Cover - Exclusions and Limitations**

This Warranty does not cover any failure or problem unless it was caused by a defect in material or workmanship. In addition, this Warranty shall not apply:

- if the Product is not correctly installed, operated, repaired or maintained as described in the Manual provided with the Product;
- to any failure or malfunction resulting from abuse (including freezing); improper or negligent: handling, shipping (by anyone other than WATER WORKER), storage, use, operation, accident; or alteration, lightning, flood or any other environmental condition;
- to any failure or problem resulting from the use of the Product for any purpose other than those specified in the accompanying Manual or alteration of any part of the product;
- this Warranty does not cover labor costs, shipping charges, service charges, delivery expenses, administrative fees or any costs incurred in removing or reinstalling the Product;
- this Warranty does not cover any claims submitted to WATER WORKER or an WATER WORKER-authorized distributor or retailer more than 30 days after expiration of the applicable warranty time period described in this Warranty;
- this Warranty also does not cover repair or replacement costs not authorized in advance by WATER WORKER.

## **Additional Warranty Limitations**

**ALL IMPLIED WARRANTIES, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE SPECIFICALLY DISCLAIMED.**

## **Limitations of Remedies**

**THE REMEDIES CONTAINED IN THIS WARRANTY ARE THE PURCHASER’S OR FIRST USER’S EXCLUSIVE REMEDIES. IN NO CIRCUMSTANCES WILL WATER WORKER BE LIABLE FOR MORE THAN, AND PURCHASER-FIRST USER’S REMEDIES SHALL NOT EXCEED, THE PRICE PAID FOR THE PRODUCT. IN NO CASE SHALL WATER WORKER BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES, WHETHER RESULTING FROM NON-DELIVERY OR FROM THE USE, MISUSE, OR INABILITY TO USE THE PRODUCT OR FROM DEFECTS IN THE PRODUCT OR FROM WATER WORKER’S OWN NEGLIGENCE OR OTHER TORT.** This exclusion applies regardless of whether such damages are sought for breach of warranty, breach of contract, negligence, strict liability, in tort or under any other legal theory. Such damages include, but are not limited to, inconvenience, loss or damage to property, mold, loss of profits, loss of savings or revenue, loss of use of the Products or any associated equipment, facilities, buildings or services, downtime, and the claims of third parties including customers.

## **What To Do If You Have a Problem Covered By This Warranty**

Any covered Warranty service must be authorized by WATER WORKER. Contact the person from whom you purchased the Product, who must receive authorization from an WATER WORKER distributor or WATER WORKER. If you do not receive a prompt response, call AMTROL directly at 877-324-8863. Notice of a Warranty claim should be submitted by the authorized distributor to WATER WORKER.

Before WATER WORKER determines to provide any replacement part or Product, it may as a pre-condition to making such a determination require that the warranty claimant ship the Product, postage prepaid to an authorized WATER WORKER distributor, or to WATER WORKER and provide proof of purchase evidenced by the original sales receipt or Product registration.

## **Replacement Product Warranty**

In case of replacement of a Product or any component part, WATER WORKER reserves the right to make changes in the design, construction, or material of the substitute components or products, which shall be subject to all of the terms and limitations of this Warranty, except that the applicable warranty periods shall be reduced by the amount of time the warranty claimant owned the product prior to submitting notification of the warranty claim.
