LED Rail, LED Lanterns, LED Wall Sconces, LED Pendants and LED Chandeliers for single family residences are warranted for one (1) year on the Light Engine and all other electrical components.

To replace a product that has a warranted defect, the Original Purchaser shall return any allegedly defective parts or products to the authorized Kichler distributor that the product was purchased from with PROOF OF PURCHASE, Original Purchaser's name and return address and a description of the claimed product defect.

If any of the warranted products are found by Kichler, in its sole discretion, to be defective, such products will, at Kichler's sole option and cost, be replaced, repaired or refunded less an amount directly attributable to Original Purchaser's prior use of the product. Kichler will return the repaired or replaced product prepaid freight. This warranty does not cover labor or other costs or expenses to remove or install any defective, repaired or replaced product.

The parties hereto expressly agree that Original Purchaser's sole and exclusive remedy against Kichler shall be for the repair, replacement or refund of defective products as provided herein. This warranty extends only to product ownership by the Original Purchaser; is not transferable whether to heirs, subsequent owners, or otherwise; and is void if the Original Purchaser ceases to own the product.

This warranty does not apply to any products that have been subjected to misuse, mishandling, misapplication, connected to voltage at more than 5% above standard North American voltage, unusual use (including but not limited to use in an environment where the annual average ambient operating temperature is below 27 or above 95 degrees Fahrenheit), neglect (including but not limited to improper maintenance), accident, acts of god such as high winds, improper installation or care, failure to follow the Product's written instructions for normal use and care, improper packaging of products returned to Kichler, modification (including but not limited to use of unauthorized parts or attachments), or adjustment or repair.
