

The logo features the word "Kraus" in a white, serif font with a registered trademark symbol (®) to the upper right. The letter "K" is stylized with three horizontal lines passing through its vertical stem. The letter "a" has a small drop above it, and the letter "s" has a small drop above its first curve. The logo is set against a solid black rectangular background.

INSTALLATION MANUAL

Ventus Double Handle Widespread Basin Faucet

KEF-15003

Thank you for purchasing Kraus

We would like to take this opportunity to thank you for your business with Kraus USA. It is our sincere hope that you are completely satisfied with your experience. We welcome any questions or comments you may have, and will be glad to assist you in the future.

For more information about Kraus products, please visit our website at:

www.kraususa.com

Please register your new Kraus product at the following web address in order to activate the warranty and receive the full benefit of customer support:

www.kraususa.com/registration

Sincerely,

Kraus Customer Service Department

Prior to Installation:

- Make sure you have all necessary parts by checking the diagram and parts list. If any part is missing or damaged, please contact Kraus Customer Service at 800-775-0703 for a replacement
- Turn off the hot and cold water lines at the angle stops and turn on the old faucet to release any built-up pressure
- Pre-drilled countertop hole size requirement: 1-3/8" (min)
- Max countertop thickness: 1-3/8"

5. Hot & Cold Waterlines
6. Three Way Connector
7. Lift Pole Rod
8. Connector (located inside faucet body)
9. Lift Pole Extension
10. Waste Stopper
11. Drain
12. Rubber Washer
13. Concave Washer
14. Plastic Washer
15. Mounting Nut
16. Drain Body
17. Drain-Off Pole
18. Elbow Connector
19. Top Hat Washer
20. Washer
21. Drain Retaining Nut
22. Drain Body Washer
23. Aerator
24. Aerator Key

Tools you will need:

Adjustable Wrench

Silicone Sealant
(optional)

Phillips Screwdriver

Safety Goggles

Pipe Tape

Faucet Installation Procedure

Installer Tip:

Shut off main water supply before installing new faucet

Faucet Installation Procedure

Step 1: Remove mounting hardware and three-way connector

Remove three-way connector (6) from faucet body (2). Remove mounting screws (4D), mounting nut (4C), metal washer (4B), and rubber washer (4A) from faucet body (2), hot handle valve (1), and cold handle valve (3).

Step 2: Install faucet and valves

Install faucet body (2), hot handle valve (1), and cold handle valve (3) through 1-3/8" predrilled hole in countertop. Attach rubber washer (4A), metal washer (4B), mounting nut (4C), and mounting screws (4D) on the threaded mounting pipe. Tighten mounting nut (4C) until snug. Tighten screws (4D) on mounting nut (4C) with Phillips head screwdriver until snug. Attach three-way connector (6) to faucet body (2).

Step 3: Connect waterlines to valves

Attach hot waterline (5) to hot handle valve (1) and cold waterline (5) to cold handle valve (3). Hand-tighten. Thread other end of hot & cold waterlines (5) to three-way connector (6) and tighten with adjustable wrench

Connect flex water supply lines to angle stops and tighten with adjustable wrench. Turn on both cold and hot main valve

Apply pipe tape (optional)

Step 4: Install drain

1. Remove waste stopper (10) from drain (11). Remove drain body (16), mounting nut (15), plastic washer (14), and concave washer (13) from drain (11)
2. From underneath, insert lift pole extension (9) to faucet body and attach to lift pole rod (7) using connector (8) inside faucet body (2). Secure tightly
3. Install drain (11), with rubber washer (12) attached, into the drain hole
4. From underneath countertop, attach concave washer (13), plastic washer (14), and mounting nut (15) to drain (11), and secure tightly to sink. Thread drain body (16) onto drain (11). Hand-tighten
5. Insert waste stopper (10) into drain (11). Make sure hole in brass screw on waste stopper (10) is aligned with drain body (16) opening
6. Remove retaining nut (21) from drain body (16). Leave top hat washer (19) inside drain body (16)
7. Insert shortest end of drain-off pole (17) into drain body (16). Attach washer (20) and retaining nut (21) through drain-off pole (17). Secure retaining nut (21) to drain body (16)
8. Align drain body (16) to enable drain-off pole (17) and lift pole extension (9) to engage
9. Connect lift pole extension (9) and drain-off pole (17) using elbow connector (18). Adjust and tighten elbow connector (18) with Phillips head screwdriver

Note: The connector (8) is not a visible part and is secured in the faucet body (2)

Step 4: (Continued)

Step 5: Flush faucet

After installing faucet, remove aerator (23) with included aerator key (24). Turn water on for 30 seconds to remove any debris. Reassemble aerator (23)

Care & Maintenance

*To keep the product clean & shining, follow the steps below:

1. Rinse with clean water & dry with a soft cloth
2. Do not clean with soaps, acid, polish, abrasives, or harsh cleaners
3. Do not use cloth with a coarse surface
4. Unscrew the aerator and clean when necessary

*This installation manual is subject to change without further notice.

Trouble - Shooting

If you have followed the instructions carefully and your faucet still does not work properly, take the following corrective steps:

PROBLEM	CAUSE	ACTION
Aerator drips or has inconsistent water flow pattern	Aerator (23) may be dirty or not seated properly	Unscrew aerator (23) with aerator key (24) and clean out debris
Drain is leaking	Washers may be compromised or installed incorrectly	Check washers to make sure they are installed correctly and not cracked

Codes/Standards Applicable:

KRAUS LIMITED LIFETIME WARRANTY

This product has been manufactured and tested to the highest quality standards by Kraus USA Inc. ("Kraus"). We offer our customers thoughtfully crafted fixtures & accessories, engineered for enduring performance over years of use.

WHO IS COVERED BY THE WARRANTY

This warranty extends to the original purchaser only. This warranty is not transferable, between homes or owners and is only applicable to residential use.

WHAT IS COVERED BY THE WARRANTY

Kraus warranties this product against defects due to material or craftsmanship error during the warranty period: Kraus will provide replacement parts at no charge, or at its option, replace any product or part of the product that is deemed defective, under normal installation, use, service and maintenance. If Kraus is unable to provide a replacement and repair is not practical or cannot be made in timely fashion, Kraus may elect to refund the purchase price in exchange for the return of the product.

CONDITIONS AND EXCLUSIONS

Like other home fixtures, Kraus products will require light maintenance to ensure proper function. We provide you with complete knowledge to perform this maintenance and can also recommend resources if you are unable to fulfill this service.

A. Kraus will not be responsible for product failures due to lack of maintenance or proper use. Please read your care and maintenance documentation to determine the limits of proper use.

B. The original sales receipt, order number, and/or proof of purchase must be presented at the time of the warranty claim, without exception, for this warranty to be applied to all Kraus products.

C. Kraus recommends installing all Kraus products with a licensed, professional plumber. Kraus will not be held responsible for any damage or product failure due to improper installation, misuse, or failure to use a licensed professional. Please read your care and maintenance documentation to determine the limits of proper use.

D. Commercial use will automatically void this warranty.

E. This warranty is not applicable to Kraus products purchased from an unauthorized seller. For a complete list of authorized sellers please visit <http://www.kraususa.com/where-to-buy.html>

NON-APPLICABILITY OF THIS WARRANTY

By the purchase and use of our products, you agree that Kraus is not liable for incidental, consequential or special damages associated with the return, replacement, installation or use of your product. This includes freight costs, cartridge replacement, labor, travel time, lost profit, home damages and other contingent liabilities and costs (including, without limitation, costs associated with experts, investigations, analyses, attorneys and other professionals and services). The Kraus warranty is a comprehensive and explicit limit of liability, and all items outside of it are not addressable by or the responsibility of Kraus. Certain states have variances regarding implied warranties and in those situations we remain fully compliant.

KRAUS USA Inc. makes no implication that products comply with any or all local building or plumbing codes. It is the consumer's responsibility to determine local code compliance. This warranty extends to the original purchaser and first consumer.
