Available Trim Kits

R110 Valve Body Shown

GENERAL DESCRIPTION:

Cast brass body, washerless ceramic disc valve cartridge with back-to-back capability and hot limit safety stop. Cycles from "off" to "cold" to "hot". Pressure balancing cartridge maintains constant output temperature in response to changes in relative hot and cold supply pressure. One-half inch inlets and outlets (choice of direct sweat or threaded). Available with screwdriver stops. Rough-in plaster guard designed for use as thin-wall mounting adaptor. Valve body will accept a variety of decorative Bath/Shower trims.

PRODUCT FEATURES:

Cast Brass Valve Body: Durable - Quality that will last a lifetime. Ideal material for prolonged contact with water.

Ceramic Disc Valve Cartridge: Assures a lifetime of drip-free performance. Allows easy fine tuning of temperature (125° handle rotation from off to hot).

Pressure Balancing Valve Cartridge: Maintains constant output temperature in response to changes in hot and cold supply pressure. Diaphragm system engineered to eliminate cross flow. Avoids failure due to mineral deposits - ideal for use in hard water.

Back-to-Back Capability: Hot and cold can be reversed quickly and easily.

Adjustable Hot Limit Safety Stop: Limits the amount of hot water allowed to mix with cold. Reduces the risk of accidental scalding.

Exclusive Plaster Guard: Plaster guard is designed to protect valve during installation and serve as a mounting plate for thin-wall installations. 2 piece design allows valve to be tested prior to trim installation.

Wide Rough-in Range: From 1-5/8" to 3-1/4".

SUGGESTED SPECIFICATION:

Bath/shower fitting shall feature a cast brass body. Shall feature ceramic disc valve cartridge which is capable of back-to-back installation. Fitting shall be equipped with pressure balancing cartridge engineered to eliminate cross flow and avoid failure due to mineral deposits. Shall also feature hot limit safety stop. Fitting shall be: Rough Valve Body - American Standard Model # R11____, Trim Kit - American Standard Model # ____.

UPGRADABLE PRESSURE BALANCE BATH/SHOWER FITTING Temperature Control Valve

MODEL NUMBER:

- ☐ **R110 Pressure Balance Rough Valve Body only**
Direct sweat inlets/outlets. LESS trim.
- ☐ **R110SS Pressure Balance Rough Valve Body only with Screwdriver stops**
Direct sweat inlets/outlets. Screwdriver stops. LESS trim.
- ☐ **R115 Pressure Balance Rough Valve Body only**
Female thread inlets/outlets. LESS trim.
- ☐ **R115SS Pressure Balance Rough Valve Body only with Screwdriver stops**
Female thread inlets/outlets. Screwdriver stops. LESS trim.

See reverse for available trim kits.

UPGRADABLE PRESSURE BALANCE BATH/SHOWER FITTING Temperature Control Valve

AVAILABLE AS:

Valve + Trim: Trim Kit & Valve Body Packaged Separately

To order: Specify valve body **and** trim kit desired

Example: R110 - Direct Sweat Valve Body

T215.701 - Hampton Bath/Shower Trim Kit (Porcelain Cross Handle)

Complete Product: Valve + Trim Packaged In One Box

To order: Specify complete product number

Example: 7215.701 - Hampton Bath/Shower (Porcelain Cross Handle)

with Direct Sweat Inlets

CODES AND STANDARDS

These products meet or exceed the following codes and standards:

ANSI A 117.1

ASSE 1016

ASME A112.18.1M

CSA B 125

* Showerhead with 2.5gpm/9.5L.min. flow restrictor.
