# TIMBERLINE®

LIFETIME HIGH DEFINITION® SHINGLES

AMERICA'S #1-SELLING ROOF

[gaf.com](http://gaf.com)

Made to protect  
your home. Your story.  
And those of over **50 million**  
of your fellow Americans!

# Install Peace Of Mind.

## Install To **Protect.**

When you install GAF Timberline® High Definition® Shingles with **Advanced Protection®** Shingle Technology, you're getting the very best combination of weight and performance that modern manufacturing technology can deliver. In fact, you won't find a shingle that surpasses Timberline® on:

- ✓ Toughness
- ✓ Wind uplift resistance
- ✓ Flexibility
- ✓ Fire resistance

That's why every Timberline® High Definition® Shingle comes with GAF's transferable Lifetime Ltd. warranty\*—for your peace of mind!—plus the backing of the Good Housekeeping Seal.\*\*

\*See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions. The word "Lifetime" means as long as the original individual owner(s) of a single-family detached residence [or the second owner(s) in certain circumstances] owns the property where the shingles are installed. For owners/structures not meeting the above criteria, Lifetime coverage is not applicable.

\*\*Timberline® High Definition® Shingles have earned the prestigious Good Housekeeping Seal, which means that Good Housekeeping stands behind these products. (Refer to Good Housekeeping Magazine for its consumer protection policy. Applicable in U.S. only.)

## Install To **Invest.**

Your roof can represent up to 40% of your home's "curb appeal." Timberline® High Definition® Shingles not only protect your most valuable asset but also beautify your home for years to come—and add to its resale value.

In fact, an independent research firm surveyed homeowners about the brand of architectural shingles they preferred. The result: **more homeowners preferred the look of Timberline® High Definition® Shingles** to the other leading brands.\* So why settle for anything less than a genuine Timberline® roof?

\*Based on a 2010 survey of homeowners conducted in Ohio & Georgia and commissioned by GAF.

*Here's What Female Homeowners Have To Say...*

GAF recently received the Women's Choice Award for being the brand that is a "gold standard when it comes to meeting **high standards of quality and service**," as rated by female homeowners in the U.S.

*And see the back page of the "TimberStories" insert to read what Professional REALTOR® Appraisers have to say about Timberline® Shingles!*

Weathered Wood

## Install To Impress.

Timberline® High Definition® Shingles are unlike any others, thanks to our proprietary shadow bands. Each shadow band is applied using a sophisticated, computer-controlled “feathering” technique. When combined with our randomly blended top layer, it results in a shingle with exceptional depth and dimension—**and a striking look unmatched by any other brand.**

But don't just take our word for it. See for yourself. When you compare Timberline® High Definition® Shingles to typical architectural shingles, it's easy to see why they'll look sharper and more beautiful on your roof—while enhancing the resale value of your home.

# Find Your Timberline® Shingle

There's A Timberline® Shingle To  
Fit Your Taste And Your Budget.

## Looking for an ultra-dimensional wood-shake look?

For just pennies-a-day more, you can enjoy **Timberline Ultra HD®** Shingles!

**Timberline Ultra HD®** Shingles will cost you just pennies-a-day more than standard architectural shingles. In return, you can enjoy the thickest, most ultra-dimensional wood-shake look for your roof.

Thanks to extra-thick layers combined with our proprietary color blends, Timberline Ultra HD® Shingles offer a natural beauty and incredible thickness that you'll notice and appreciate.

*(Not to mention how much they'll increase the resale value of your home!)*

Extra-thick layers make Timberline Ultra HD® Shingles up to 53% thicker than standard architectural shingles— for a natural dimensional beauty that you'll notice and appreciate.\*

\*Comparison refers to Timberline HD® Shingles. Thickness varies by plant; see actual shingles for comparison.

## Timberline® High Definition® Shingles Provide These Unique Benefits

- **Beautiful Look...** Features GAF's proprietary color blends and enhanced shadow effect for a genuine wood-shake look.
- **Highest Fire Rating...** Class A fire rating from Underwriters Laboratories.
- **High Performance...** Designed with Advanced Protection® Shingle Technology, which reduces the use of natural resources while providing superior protection for your home (visit [gaf.com/aps](http://gaf.com/aps) to learn more).
- **Stays In Place...** Dura Grip™ Adhesive seals each shingle tightly and reduces the risk of shingle blow-off. Shingles warranted to withstand winds up to 130 mph.<sup>1</sup>
- **Peace Of Mind...** Lifetime Ltd. transferable warranty with Smart Choice® Protection (non-prorated material and installation labor coverage) for the first ten years.<sup>2</sup>
- **Perfect Finishing Touch...** Use Timbertex® Premium Ridge Cap Shingles or Ridglass® Premium Ridge Cap Shingles.<sup>3</sup>

<sup>1</sup> This wind speed coverage requires special installation; see *GAF Shingle & Accessory Ltd. Warranty* for details.

<sup>2</sup> See *GAF Shingle & Accessory Ltd. Warranty* for complete coverage and restrictions. The word "Lifetime" means as long as the original individual owner(s) of a single-family detached residence [or the second owner(s) in certain circumstances] owns the property where the shingles are installed. For owners/structures not meeting the above criteria, Lifetime coverage is not applicable.

<sup>3</sup> Timbertex® Premium Ridge Cap Shingles are available across the U.S. (except the Western Area). Ridglass® Premium Ridge Cap Shingles are available only in the Western Area of the U.S.

# Tips For Choosing Your Color

**A successful exterior design project depends on a tasteful color combination. Here are some simple suggestions for making the best shingle selection:**

- **Observe how much of your roof is visible from the street or common view.** A larger roof looks best in neutral tones. If the roof angle is normal or slight, you can use more colorful shingles or interesting patterns.
- **Use colors in the same color family as the body of your house for a simple, non-accented combination.** An example is a gray roof on a gray house, whether light or dark gray. Trim in white or black will keep it understated.
- **Use bright or more colorful colors to make a design statement.** For example, a green roof on a red brick house or a red roof on a gray house.
- **And remember, follow your instinct.** Choose the color and style that make you comfortable. After all, you're the one looking at it every time you come home!

*45 years of listening  
to millions of satisfied  
homeowners have  
resulted in a color  
palette that Americans  
have embraced.*

*The following pages  
can help you find your  
ideal shingle choice.*

# WEATHERED WOOD

**Weathered Wood** is truly the perfect neutral color. Straddling the line between warm and cool tones, this shade complements a broad range of hues—especially clay, the current most popular color for home exteriors. Blending beautifully with nature, this color also works well paired with sage, cream, ivory, and all manner of beiges.

*“We love our roof!  
Our area receives  
quite a bit of wind, rain,  
and storms in the spring.  
It is wonderful to no  
longer be concerned  
with shingles flying  
off the house.”*

—Tracy Christie, Bloomington, IN

# S L A T E

**Slate** is a cool gray with a beautiful green undertone—exactly like real slate. This shade coordinates well with both grays and greens on the cool side as well as with white, cream, and ivory exteriors. A roof done in Slate will add a warm and inviting feel to any home.

*“The High Definition®  
Shingles really added  
to the look of the house.  
Knowing the product is  
backed by a company  
like GAF is comforting.”*

—David Cusumano, Collegeville, PA

# BARKWOOD

**Barkwood** is a popular neutral brown color that coordinates well with most other warm colors, such as beige, taupe, cream, gold, and yellow. Its nature-based tone emulates wood, fitting in well with natural surroundings. You'll love the way this color enhances the overall tones of your house.

**GAF**

*“I absolutely love the look of my new roof and how it stands out among my neighbors. They have begun to follow my lead and now our little subdivision is being transformed.”*

—Joann Steers, Arlington, TX

# C H A R C O A L

**Charcoal** is the most neutral of all shades, making it versatile enough to use on your roof regardless of your home's style. This cool-toned color works wonderfully with home exteriors that feature blues, grays, or whites; you'll also find it paired with yellow, gold, sage, or green.

*“I am the toughest customer you will ever find anywhere. Outstanding is an understatement.”*

—Patrice McDonough, Des Plaines, IL

# HICKORY

**Hickory** is an inviting brown shade that has the added element of a red undertone, giving it a rich look. It's an excellent companion to both brick and stone homes that have shades of red or terra cotta. You'll also love how this color looks on homes with warm neutrals of brown and beige as well as with yellows and golds.

*“It looks GREAT!  
My wife loves the  
color and I love the  
Lifetime ltd. warranty.”*

—Kevin McGrath, Dawsonville, GA
