For Your Safety And Best Results, Jameson Recommends:

Use only Jameson attachments with Jameson poles.
Always start with a Jameson Base Pole.
Connect Extension Pole to Base Pole.
Connect Pole Saw Head or Pruner Head to Extension Pole.
For shorter lengths, use Base Pole only with Pole Saw Head or Pruner Head.
To Adjust Pole Length:
Unscrew threaded collar by turning until loose. (Fig. 1)
Unlock inner lock by twisting upper pole section counter-clockwise, approximately quarter-turn, while holding lower pole section in place. (Fig. 2)
Extend poles to desired length.

To Lock Into Position:
Twist upper pole section clockwise, approximately quarter-turn, until inner lock engages (there is an audible click).
Re-attach collar to outer lock, turning until completely secure.
