SPECIFICATION GUIDE

TRADITIONAL SEMI-CUSTOM KITCHEN AND BATH CABINETRY

FOR USE WITH 20/20 CATALOGS: IDEALLX, IDEALLX2

luxxecabinetry.com
Luxxe Cabinetry (warrantor) warrants to the original consumer purchaser, that all products manufactured or supplied by warrantor will be free from defects in material and workmanship. This warranty is for your lifetime as long as you own the cabinetry, on product used for Residential Purposes only and is not transferable to subsequent owners. Proof of Purchase is required.

This warranty does not cover damage resulting from normal wear, accident, misuse or lack of reasonable and necessary maintenance and service; nor does it warranty the improper installation or unauthorized repair, alteration, or modification or defects in the product when the product is installed. This warranty is limited to the repair or replacement of the defective part at the sole discretion of warrantor. Warranty is limited to Luxxe Cabinetry branded products excluding all electrical components: Excluded items may carry separate warranties as provided directly by the manufacturer of these products.

It is our option to provide repair parts or replace with functionally equivalent product. Return of product may be required for replacements. Such repair parts or replacement shall be at warrantor's expense, but customer shall bear all other expenses, including, but not limited to, cost of removal, transportation, re-installation, communication and any special service required by customer such as, overtime labor, etc.

Natural woods and finishes vary in color, grain pattern and exhibit color changes over time. Cabinets may darken or lighten with age due to exposure to certain environmental conditions including but not limited to sunlight, moisture, household cleaners, smoke, etc. Painted cabinets may show cracking at seams. These variations are considered the natural characteristics of the material and finishes and are not covered under this warranty.

In the event of a warranted product performance issue, submit request including proof of purchase documentation, specific description of warranty issue (include photos) in writing to:

Warranty Department
210 Century Boulevard
Bartow, FL 33830

Due to nature of materials and finishes Luxxe Cabinetry cannot guarantee warranty replacement will be an exact match.

Luxxe Cabinetry reserves the right to alter design, specifications and material without obligation to make changes to product previously manufactured.

EXCEPT TO THE EXTENT PROVIDED BY APPLICABLE LAW, ALL IMPLIED WARRANTIES, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED IN DURATION TO THE SHORTER OF THE PERIOD PROVIDED BY LAW OR THE PERIOD OF THIS WARRANTY, AND UNDER NO CIRCUMSTANCE SHALL LUXXE CABINETRY BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES SUSTAINED IN CONNECTION WITH THE PRODUCT. THE EXPRESS WARRANTY ABOVE CONSTITUTES THE ENTIRE WARRANTY AND IS IN LIEU OF ALL OTHERS EXPRESSED OR IMPLIED.

Some states do not allow the exclusion or limitation of incidental or consequential damages, or limitation on how long an implied warranty lasts, therefore, the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state.

INDEMNITY

Luxxe Cabinetry shall not be liable for either its failure to perform or its delays in performance hereunder arising out of or resulting from causes beyond its control, including but not limited to, acts of God, acts of Representation, acts of Government, wars, fires, floods, epidemics, quarantine, strike, freight embargoes, weather or default by suppliers due to any such causes.

- 3/4” thick x 3” wide solid maple Shaker mortise and tenon framed drawer fronts with 5/8” thick veneer over MDF recessed center panels
- Soft close hinges & full extension drawers with soft close
- Available in dark Mocha stain finish
- Decorative hardware required
- Available with glass doors or open cabinets
All of our painted door styles feature solid wood painted face frames. As with any painted wood surface, expansion and contraction with changes in climate may cause fractures in the paint surface at joints. This is an acceptable characteristic and will vary based on climate conditions. In addition, there may be a slight color shift over time due to continued exposure to both natural and artificial light.

Full Overlay cabinetry is constructed from various pieces of solid wood and wood veneers. Differences in grain pattern and color should be expected. Color differences in wood are the result of variations in minerals found in the soil native to the tree’s origin. Absorption of these minerals will vary by tree or parts of said tree. In addition, color changes can be experienced due to different exposure to light. All species of wood will display characteristics such as knots, pinholes, sap runs, mineral streaks and darkening with age. It is the natural beauty of wood to exhibit these characteristics and they will be present throughout your cabinetry.
## Natural Birch Vinyl Laminate

Natural birch vinyl laminate provides a durable, wipe clean finish.

## Face Frame

1½” wide x 3/4” thick solid hardwood pocket screwed.

## End Panels

1/2” thick CARB2 plywood, exterior vinyl laminate is color matched to the face frame.

## Floor & Ceiling

1/2” thick CARB2 plywood, both sides captured by end panels.

## Back Panels

1/2” thick CARB2 plywood with natural birch vinyl laminate interior and raw exterior. The ‘clipped’ back panels on Wall Angle and Easy Reach Corner cabinets will be 1/4” plywood.

## “I-Beam” Supports

1/2” thick CARB2 plywood, full depth braces provide stability and support for countertop attachment.

## Adjustable Shelves

3/4” thick CARB2 plywood finished with natural birch vinyl laminate and matching edgebanding. Base and wall adjustable shelves are full depth.

## Shelf Supports

Clear, high strength plastic with locking top tab to prevent shelf tip. Provides easy shelf adjustment.

## Doors

Stylish, full-overlay doors available in stained hardwoods or MDF. See pages 2-3 for details.

## Hinges

Fully concealed 110° opening Soft Close hinges with 6-way adjustment for ease of alignment.

## Runners/Glides

Drawers feature smooth gliding, full extension, ball bearing runners with Soft Closing shocks that engage when drawer is 1” from closed. Interior roll out trays have epoxy coated side mount runners. Both are rated for 100lb static and 75lb dynamic loads.

## Drawers & Roll-Out Trays

5/8” thick finger jointed hardwood four sided dovetail box construction, finished with a clear top coat and a 1/4” thick captured plywood floor.

## Drawer Fronts

Stylish full overlay drawer fronts available in solid hardwood or MDF. See pages 2-3 for details. For standard kitchen and vanity cabinets, the top drawer front is 8” high & bottom two drawer fronts are 10 1/2” high.

## Integral Toe Kick

1/2” thick plywood secured between end panels. Provides solid backing for installation of Matching Toe Kick (MTK8) or other materials such as ceramic, vinyl, etc.
FINISHED END OPTIONS

1. **All Cabinet Sides** are manufactured from ½” thick CARB2 compliant plywood covered with a vinyl laminate which is color-matched to the face frame and doors.

2. **Optional Matching End Panels** are ¾” thick overlay panels that match the construction of the door style selected. They are available for standard depth base cabinets (MBEP) and standard depth wall cabinets in three heights (MWEP30, MWEP36, MWEP42). Matching End Panels are packaged separately for field installation. Detailed specs for these items can be found on page 51.

CUSTOM DEPTH

</tr>
<tr>
<td>TALL UTILITY/LINEN</td>
<td>9” to 23”</td>
</tr>
</tbody>
</table>

- Available on standard cabinet types in 1” depth increments
- Base cabinets with drawers that are customized from 15” to 23” deep will include working drawers. 9” to 14” deep cabinets will have no drawer and a false drawer front.
- Vanity cabinets can be customized by selecting the standard base version. For example: select BD18 instead of a VBD1821 and customize the depth.
- Custom Depth changes need to be added to the cabinet before the order is placed. This can be done in your design program or in the shopping cart.
Matching Interior Options

Wall Cabinets prepared for glass (PFG)
Found on pages 14-17

- Wall cabinets traditional door frames will be routed and prepared for clear glass (PFG).
- Clear glass panels will be furnished cut to size and will ship separately, direct to the ship-to address, for field installation
- It is recommended that the glass panels be installed with clear silicone
- PFG cabinet interiors will automatically be finished to match the face frame color, including adjustable shelves

Wall Cabinets with no doors (ND)
Found on pages 18-21

Tall Cabinets prepared for glass (PFG)
Found on pages 37-39

Vanity linen Cabinets prepared for glass (PFG)
Found on pages 46

Tall Cabinets with no doors (ND)
Found on pages 40

Vanity linen Cabinets with no doors (ND)
Found on pages 47

Base Cabinets with no doors (ND)
Found on pages 31

- Tall Utility/Vanity Linen cabinets – only the upper door frames will be routed and prepped for clear glass (PFG).
- Matching Interior shelves are only supplied for the upper portion of the cabinet, where the PFG doors are located when roll out trays are indicated.
- Lower portion will have solid finger jointed hardwood roll out trays if roll out trays are indicated
- Standard Base, Vanity Base, and lower doors on Tall cabinets are not available Prepped For Glass as a safety precaution

- ‘No Door’ cabinet interiors and shelves will be finished to match the face frame color
- Shelf adjustment holes will be visible on the back wall and side walls of the cabinet interior
Style Tips

Add a new level to your island by using desk height cabinets. These are good for baking area’s or kids work spaces. To create the decorative panel look on the side of unique spaces, you can use our fillers and cut them to fit on the job site.

Turn your laundry room into a room you enjoy being in! Add a large sink and drawers for easy clean-up and storage. Open shelves give easy access and an open feel to your new space.

Make wall storage open and airy using No Door (ND) cabinets and glass door cabinets (PFG) together with standard wall cabinets. These cabinets are available in all wall cabinet sizes we offer, so get creative!
Style Tips

Need a nice square post for your island, or want a raised bar? Use fillers to create a square post to the width and height of your choosing. This image uses 6” wide fillers, however 3” wide fillers can be used as well. To create the apron under the countertop turn fillers horizontally and cut to fit on the job site.

Want countertop storage that is behind closed doors? Use wall bridge cabinets in 18” high, placed under standard wall cabinets to create this space. You can add dimension to your kitchen by making these cabinets 15” deep, and gain extra storage as well! No door bridge cabinets can help create an open feel to your space. Placing these above a baking area or desk area can give easy access to cookbooks, mixing bowls or nice décor!

Using a full height door cabinet for your sink base can add a modern twist to your traditional kitchen. Make your new kitchen transitional!

## Wall Cabinets

### Range Hood Combo - Straight Valance

**WRHC36S**
- Available 36" width
- Includes Hood, Chimney, Hood Liner and Blower
- Chimney is trimmable to adjust the height
- Blower is 390 CFM, 6.0 sones, enclosed light
- Clearance of 3" on each side is recommended

### Range Hood Combo - Arched Valance

**WRHC36A**
- Available in 36" width
- Includes Hood, Chimney, Hood Liner and Blower
- Chimney is trimmable to adjust the height
- Blower is 390 CFM, 6.0 sones, enclosed light
- Clearance of 3" on each side is recommended
- Available in PW only

### 15" Wide Wall Skin

**WSK1542**
- 1/8" thick plywood finished with vinyl laminate color matched to cabinetry face frame
- Field modified and installed
- Can be modified for shallower depth and shorter wall cabinets
- Finish matches cabinetry face frame

### Staggering Upper Cabinets

When using the 27" Deep corner cabinets, make sure to place a 3/4" filler next to adjacent cabinet if the adjacent cabinet is shallower.

### Using the Wall Cabinet with accessories

Make sure to allow proper clearance on each side so doors can open 90 degrees or more. This will allow the interior accessory to pull down correctly.

### Placing wall cabinets next to a return wall

When placing cabinets against a side wall, use a minimum of 3/4" filler between wall and cabinet to allow doors to open.

### Sink Front Angle

**SFA36**
- Angle sink front must be installed between two cabinets
- Frame/door can be installed with hinges on right or left
- Floor support and toe base must be field constructed
- Maximum sink width for this application 25¾"

**SFAF36**
- Available in 3" & 6" width cabinets
- Full extension ball bearing slides provide stable, smooth pullout function
- Adjustable shelves with chrome rails

### Built-in Microwave Base Modification

This assembly requires a drawer base, either 24" or 30" wide - depending on the size of the built in microwave you purchase separately.

Assembly requires the onsite removal of the top two drawers from the cabinet. Consult the manufacturer specifications for cut out dimensions, as additional modification may be required.

Depending on the cut out dimensions the use of a filler (FS30), to fill the gap between the bottom of the microwave and the drawer. Consult the manufacturer specifications for proper support and possible use of a trim kit*.

*Trim kit and microwave will be purchased independently from supplier of your choice.
## Base Cabinets

### 24” Deep End Panel with 1 ½” wide Filler

- **BP1.5**
- ½” wide solid wood filler included
- Panel and filler supplied loose for field assembly
- Reversible, may be installed left or right
- 1/2” thick plywood panel finished with vinyl laminate color matched to cabinetry face frame

### 24” Deep End Panel with 3” wide Filler

- **BP3**
- 3” wide solid wood filler included
- Panel and filler supplied loose for field assembly
- Reversible, may be installed left or right
- 1/2” thick plywood panel finished with vinyl laminate color matched to cabinetry face frame

### Island Skin

- **ISK4848**
- 1/8” thick plywood finished with vinyl laminate color matched to cabinetry face frame
- Field modified and installed

### Base Skin

- **BSK345**
- 1/8” thick plywood finished with vinyl laminate color matched to cabinetry face frame
- Field modified and installed
- Can be field modified for shallower depth cabinets
- Finish matches cabinetry face frame
**Base Cabinets with No Doors**

- Standard Base Cabinets are 24” deep and 34½” high
- Matching interiors are standard in base cabinets with no doors
- Standard cabinet exterior is color matched to face frame
- Base cabinets are shipped with an unfinished toekick. Finished toekicks in matching wood or painted MDF must be ordered separately and field installed.

### 24” Deep Single Full Height No Door

- Two full-depth adjustable shelves
- CUSTOM DEPTH: 9” to 23” deep

### 24” Deep Double Full Height No Door

- Two full-depth adjustable shelves
- CUSTOM DEPTH: 9” to 23” deep

### Using ND Base Cabinets

- Customizing the depth of B24ND down to 12” you can use it on the end of a cabinet run for an interesting transition in the kitchen. This option is shown with a MWEP30 on the exposed side of the ND cabinet to mimic a finished door.

### Using ND Base Cabinets

Use only one adjustable shelf in a B24ND or wider in your laundry room to allow space to store laundry baskets.

### Base Filler Pull outs

If placing next to a wall - Must use BP1.5 or BP3 between wall and pull out.
Base Cabinets Design Tips

**Designing Around a Range**

Make sure to give landing space on each side of a cooking appliance when placing in design.

**Clearance for Roll Out Trays**

Be sure to leave enough clearance for doors to open at least 90 degrees. This will allow the roll out trays to be operated correctly.

**Blind Cabinets with Drawers**

When placing a blind base cabinet, cabinet with drawer or trash pull out, make sure to allow enough clearance so drawer/pull out will open fully.

**Using a Sink Front Angle**

Make sure to leave enough space to allow drawer to open if placing around corner from range or appliance.

For sufficient dishwasher door clearance and loading/unloading space, a 15” wide base cabinet is recommended for use between a corner sink base and dishwasher.

- Filler may be scribed up to 5/8”

The Universal Oven cabinet will need to be modified on the job site to fit your specific appliance. By removing the drawers and stiles between the drawers you can achieve an opening height between 21” and 60”, and a maximum width of 30”. The height of the upper doors will not be affected with these modifications. Your appliance size and the amount of modification required will determine if the drawers will be able to be used. In some instances, the top drawer may be dropped to the bottom position, thus allowing a drawer to remain. Installation and modification of the cabinet is completed on your job site, not in the factory. Support for the appliance is not supplied by the cabinet company and will need to be determined based on appliance manufacture requirement.

- Loose toe kick box for ease of installation
- CUSTOM DEPTH: 9” to 23” deep

NOTE: Loose toe kick box will have a finished side, but will have a seam at bottom.
Tall Cabinets Design Tips

Decorative Ends for Tall Cabinets

For decorative ends on a tall 24” deep cabinet use a CFOU and a tall skin.

Clearance for Roll Out Trays

Make sure to leave enough clearance for door to open at least 90 degrees when placing next to wall or refrigerator cabinet.

Customizing the Depth of a Tall Cabinet

Customize the depth of a 24” wide utility cabinet (U242484, U242490, or U242496) down to 12” and use it facing out next to a refrigerator or another utility cabinet for shallow food storage, storing brooms/mops, or create a hidden message center.

A narrow alcove in your kitchen or a pantry like storage area can be transformed into an entire wall of open and closed storage by using a combination of ND and Standard Utility cabinets with a reduced depth.

Customizing the Depth of a Tall Cabinet

Customize the depth of a 24” wide Utility cabinet with no doors (U242484ND, U242490ND, or U242496ND) down to 12” and use it facing out next to a refrigerator or another utility cabinet for open storage and an interesting transition in the kitchen.

**Wood Furniture Shelf**

DESIGN TIP: Use a wood furniture shelf to finish the bottom of bridge cabinets where you will be able to see the underside of the cabinet. For example: Over a sink

**WFS48**

- 3/4" thick plywood color matched to cabinetry face frame
- Two long sides edgebanded

**WFS4815**

- 11¾" or 15"
**Accessories**

### Cabinet Fronts Only (CFO)

**Most Wall cabinets can be ordered as “Cabinet Fronts Only”.** Face frame, doors, hinges and bumpers will be supplied and shipped loose. Please consult CFO availability guide on page 63.

### 8’ Finished Toe Kick – Matches Frame Color

![image](image_url)

- 1/8” thick plywood finished with vinyl laminate color matched to cabinetry face frame
- Field modified and installed

### Matching Wall End Panels

- **MWEP30**
- **MWEP36**
- **MWEP42**

- 3/4” thick
- Field installation
- Panel is for Left or Right application & fits flush against cabinet sides

*NOTE: Cannot be used in conjunction with Custom Depth Cabinets*

*NOTE: For WVW and WVG the matching panel will not be a flush application. Field adjustment to the side of the cabinet will be required*

### Matching Base End Panel

- **MBEP**

- 3/4” thick
- Field installation
- Panel is for Left or Right application & fits flush against cabinet sides

*BPW is 2-piece construction*

*NOTE: Cannot be used in conjunction with Custom Depth Cabinets*

*NOTE: VG and VW bottom rail is a 3” wide rail vs the 7 1/2” extended bottom rail*
## Accessories

### U-Shaped Tray Divider 3" - Chrome

- **USTD3-CR**

- Bakeware Organizer
- Use 2 or more to organize cabinet
- Can be used in base or wall cabinet
- Field installation with only 4 screws

### Sink Base Liner

- **SBL2730**
- **SBL3336**

- Helps protect sink cabinet from damage due to leaks in piping or drains
- Sleek surface for easy cleanup
- SBL2730 can be trimmed to fit SB27 or SB30
- SBL3336 can be trimmed to fit SB33 or SB36
- Field installed
- Grey polystyrene easy to clean surface
- Not for use in custom-depth cabinetry

### Tilt-out Tray Kits

- **SBTOTK24**
- **SBTOTK27**
- **SBTOTK30**
- **SBTOTK33**
- **SBTOTK36**

- Kit attaches to sink base false drawer front to create tilt-out drawer
- Holds sponges, scouring pads, dish soaps, etc.
- Stainless steel construction
- Field installed prior to countertop
- Two trays included to fit double false fronts

### Tray Dividers

- **TD12CR**
- **TD18CR**

- Available in 12" & 18" heights
- Chrome finish
- Stores baking sheets, serving dishes, etc.
- Comes with 4 clips & fasteners
- Attaches to cabinet middle or bottom shelf
- Field installed
- Not for use in custom-depth cabinets

### 21" Deep Vanity Sink Base Liner

- **VSBL2124**
- **VSBL2730**
- **VSBL3336**

- Helps protect sink cabinet from damage due to leaks in piping or drains
- VSBL2124 can be trimmed to fit VSB2121 or VSB2421
- VSBL2730 can be trimmed to fit VSB2721 or VSB3021
- VSBL3336 can be trimmed to fit VSB3321 or VSB3621
- Field installed
- Grey polystyrene easy to clean surface
- Not for use in custom-depth cabinetry

### Touch-Up Kit

- **TUK**

- Includes fill stick, touch-up pen, and 4 door bumpers
# Accessories

</tr>
</tbody>
</table>

- Dims LED lighting from 100%-1% and will also turn power on/off to fixtures
- 2 key fobs included with each dimmer

- Connector cords for connecting FineLine LED lights together

- Power supplies are Class 2, safety listed/recognized with short circuit and overload protection

- These linking cords allow for easy wiring over and around obstacles
### Soffit Crown Molding

**SCM8**

- 3/4" thick solid wood
- Use with TMMS8 for top of cabinet installation
- Available in all styles except VW and VG

### Scribe Molding

**SM8**

- 1/4" thick solid wood

### Classic Crown Molding

**CCM8**

- 3/4" thick solid wood
- Use with TMMS8 for top of cabinet installation
- Only available in PW

### Batten Molding

**BM8**

- 1/4" thick solid wood

### Inside Corner Molding

**ICM8**

- 3/4" thick solid wood

### Angle Crown Molding

**ACM8**

- 3/4" thick solid wood
- Use with TMMS8 for top of cabinet installation
- Available in all styles except VW and VG

### Outside Corner Molding

**OSC8**

- 3/4" thick solid wood

---

**NOTE:** Thick dark lines indicate finished edges

3-13/16" center (96mm)

**DH45-102 - 10 3/4" Euro Pull**
7-9/16" center (192mm)

**DH45-104 - 14 7/8" Euro Pull**
11-3/4" center (298mm)

**DH44-346 - 8" Square Bar Pull**
7½" center (196mm)

**DH44-348 - 9" Square Bar Pull**
8-13/16" center (224mm)

**DH44-350 - 13" Square Bar Pull**
12-5/8" center (320mm)

**DH44-352 - 19" Square Bar Pull**
18-7/8" center (480mm)

- Brushed steel

**DH116-120 - 10" Quadra Pull**
5" inside center (128mm)
8-13/16" outside center (224mm)

**DH116-122 - 11" Quadra Pull**
6-5/16" inside center (160mm)
10-1/16" outside center (256mm)

**DH116-126 - 14" Quadra Pull**
8-13/16" inside center (224mm)
12-5/8" outside center (320mm)

**DH116-134 - 20" Quadra Pull**
15-1/8" inside center (384mm)
18-7/8" outside center (480mm)

**DH116-136 - 24" Quadra Pull**
18-7/8" inside center (480mm)
22-11/16" outside center (576mm)

- Brushed nickel
- Features dual mounting hole options

DESIGN TIP: Make sure to double check the length of drawer/door to ensure pull will fit the cabinet

* Due to the overall length of this hardware, it is not compatible with drilling template HDWE TEMPLATE-AW.
