# WHICH DECKING IS RIGHT FOR YOU?

## MINERAL COMPOSITE

- Voyage
- Vault
- Frontier

Since its creation in 2007, Eovations™ technology has perfected the substrate found in several Deckorators® decking products. The unique process starts with a mixture of polypropylene and calcium carbonate that's pultruded, which creates cavitation or tiny air pockets. This keeps the boards lightweight, but with a fiber-like structure similar to wood, providing unmatched strength.

Provides the industry's best strength-to-weight ratio

Nearly 35% lighter than traditional composites and similar in weight to PVC

Virtually no thermal expansion or contraction

Warranted for installation in or in contact with the ground or water

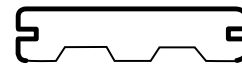

Voyage decking provides 34% or greater surface traction than other leading brands of composite decking\*

\*Capped composite decking boards tested by an independent third-party lab in wet conditions under the AS/NXS 4586-2013 standard; decking board were tested on 9/24/18-9/25/18.

## TRADITIONAL COMPOSITE

- Tropics
- Distressed

Deckorators® wood plastic composite decking is created by a unique extrusion process resulting in a stronger and more reliable deck board. The boards are capped on three sides with some of the most durable polymer technology available.

Capped on three sides through the groove

# DECKING PROFILES

Voyage, Vault and Frontier decking available in:

- 12', 16' and 20' grooved-edge
- 16' and 20' solid
- 7/8" x 5-1/2"

# CABLE RAILING

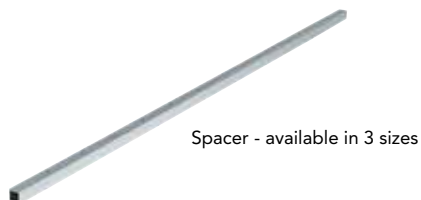

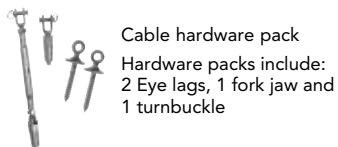

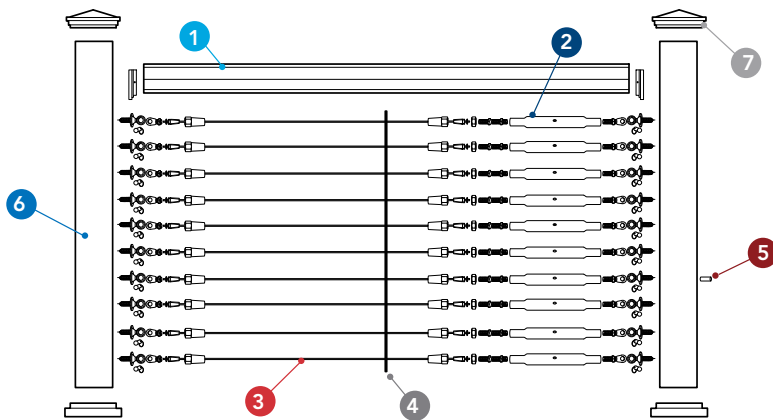

FOR 2x4 ALUMINUM, 2x4 COMPOSITE & WOOD RAILING

## GET THIS LOOK

Vault Decking in Hickory paired with 2x4 Aluminum Railing in White with cable rail, Deckorators® by Hinkley 4" Luna Post Caps in White and 2-piece Gray Cobblestone Postcovers

## HOW TO BUY CABLE RAILING

### STEP 1 - RAILING

(bottom railing optional)

Works with 2x4 Aluminum or 2x4 Composite railing and wood posts/rail. Cable can extend up to 30' and turn one corner. Hardware packs include: 2 Eye lags, 1 fork jaw and 1 turnbuckle.

### STEP 2 - HARDWARE

Purchase 10-packs for a 36" rail height or 12-packs for a 42" rail height, required for each start or stop of a run/post.

### STEP 3 - CABLE

Available in 100' and 500' lengths.

### STEP 4 - SUPPORT

One spacer required for a 6ft section, two spacers required for an 8ft section.

### STEP 5 - POST PROTECTORS

Post protectors are required for turning 45-degree corners – sold in packs of 10.

### STEP 6 – ADD YOUR 4x4 POST SLEEVE KITS

(if applicable)

### STEP 7 - CHOOSE YOUR POST CAPS

Purchase (1) post cap per post sleeve.
