Model #: DPWINKY1P

IMPORTANT SAFEGUARDS
Please read carefully before use. SAVE THESE INSTRUCTIONS.

When using any electrical appliance, basic safety precautions should always be observed to reduce risk of fire, electric shock, and injury to self and others, including the following:

1. To protect against electric shock, do NOT immerse the cord, plug, or any other part of the appliance in water or liquid.
2. Do not operate the appliance with a damaged plug or power cord or after the appliance has malfunctioned or become damaged in some manner.
3. Do not attempt to repair this product yourself, since removing the cover may cause electric shock and/or void manufacturer’s warranty.
4. Keep children and pets away from cork screw. Injury may result.
5. Do NOT use the appliance for anything other than its intended use.
6. Do NOT put fingers or objects near the spiral while in use for your safety and the functioning of the unit.
7. Do NOT place the appliance on or near a hot gas or electric burner, or in a heated oven.
8. Never force the electric wine bottle opener onto a bottle or attempt to speed up the mechanism.

OPERATION INSTRUCTIONS

Recharging
Note: For the first use, ensure that the unit is charged for 2-3 hours.

Step 1: (Choose charging method below)

USB Port Charging Method (Fig. 1):
Plug the larger end of the USB cable into any available USB port.

AC Adapter Charging Method (Fig. 2):
1. Plug the larger end of the USB cable into the included AC adapter USB port.
2. Then, plug the AC adapter into an electrical socket.

Step 2: Plug the smaller end of the USB cable into the back of the cork screw. (Fig. 3)

Step 3: Leave on charge for approximately 1 hour. The LED light indicates the cork screw is being charged and will turn off when charging is complete.

Recharge the battery at any time. No need to completely drain the battery before charging.

Using The Wine Opener
Note: For the first use, ensure that the unit is charged for at least 2 hours.

Step 1: Remove the foil cap from the wine bottle with the included foil cutter before using the corkscrew. (Fig. 4)

Step 2: Hold the wine bottle with one hand and place the electric corkscrew onto the wine bottle. Press the "DOWN" button to remove cork from the bottle. (Fig. 5)

Step 3: Press the "UP" button to eject the cork from the wine opener. (Fig. 6)

CAUTION: DO NOT put fingers or objects near the spiral while in use for your safety and the functioning of the unit.

Cleaning
1. Never immerse the appliance in water!
2. Do not attempt to access any internal parts of the appliance.
3. To clean the outer surface, simply wipe unit with a damp cloth. Do not use any scouring pads or abrasive cleaners as these will result in scratches to the unit.

Rechargeable Lithium-ion Battery Warnings:
1. The rechargeable Lithium-ion battery contained in this equipment may explode if disposed of in a fire.
2. Do not charge the rechargeable battery used in this equipment with any other charger than the one provided with this unit. Using another charger may damage the battery or cause the battery to explode.
3. This unit must be recycled or disposed of properly according to governmental regulations. Contact your local waste management services for details.
4. Do not open or mutilate the battery pack. Released electrolyte is corrosive and may cause damage to the eyes or skin, and, if swallowed, may be toxic
5. To reduce the risk of fire, electrical shock or damage, do not immerse in water. This unit is not waterproof.

Wine Preserver
The manual vacuum pump will keep the flavor of opened wine for 5-7 days.

HOW TO USE WINE POURER
• Insert the wine pourer into the bottleneck.

• Tilt the bottleneck to pour wine out from the wine pourer.

Wine Preserver
Insert the sealer into the bottleneck firmly.

Put the handle up and down for about 15 times (for bottles with half wine left).

Store the bottle in a wine cabinet or refrigerator for better preserving effects. It is recommended to finish in 7 days.
