Shower basket – medium	K-1896
Shower basket – large	K-1897
Shower basket – small	K-1898

Included component:	
Hardware kit	1093619

Installation Notes

⚠ **WARNING: Risk of property damage.** Apply silicone sealant into the drilled holes before securing the shower basket to the finished surface. This will reduce the risk of water damage behind the finished surface.

Install this product following the installation instructions provided.

NOTICE: Do not mount the screws (provided) for the shower basket to a hollow wall. The screws must be attached to ceramic tile or cement board.

NOTICE: If mounting on ceramic tile: Do not position the screw locations of the shower basket on a grout line.
