To Our Valued Customer:

Congratulations on your purchase of the very latest in Dacor® products! Our unique combination of features, style and performance make us The Life of the Kitchen™, and a great addition to your home.

In order to familiarize yourself with the controls, functions and full potential of your new Distinctive Appliance, read this use and care manual thoroughly, beginning with the Important Safety Instructions section.

All Dacor appliances are designed and manufactured with quality and pride, while working within the framework of our company value. Should you ever experience a problem with your product, please first check the Before You Call for Service section of this manual for guidance. It provides useful suggestions and remedies prior to calling for service.

Valuable customer input helps us to continuously improve our products and services, so please feel free to contact our Customer Service Team for assistance with any of your product support needs.

Dacor Customer Service Team
14425 Clark Avenue
City of Industry, CA 91745

Have the model and serial number for your hood available. Remove the filters to access the model and serial number label. Record these numbers below for easy access.

Model number ______________________________
Serial number ______________________________
Date of purchase____________________________

At Dacor, we continuously improve the quality and performance of all our products. We may need to make changes to this appliance without updating these instructions. Visit www.dacor.com to download the latest version of this manual.

Important Information About Safety Instructions

The Important Safety Instructions and warnings in this manual are not meant to cover all possible problems and situations that can occur. Use common sense and caution when installing, maintaining or operating this or any other appliance.

Always contact the Dacor Customer Service Team about problems or situations that you do not understand.

Safety Symbols and Labels

DANGER
Immediate hazards that WILL result in severe personal injury or death.

WARNING
Hazards or unsafe practices that COULD result in severe personal injury or death.

CAUTION
Hazards or unsafe practices that COULD result in minor personal injury or property damage.

To avoid the possibility of explosion or fire, do not store or use combustible, flammable or explosive vapors and liquids (such as gasoline) inside or in the vicinity of this or any other appliance. Also keep items that could explode, such as aerosol cans away from cooktop burners, ovens and range hoods. Do not store flammable or explosive materials in adjacent cabinets or areas.

WARNING - TO REDUCE THE RISK OF FIRE, ELECTRIC SHOCK, OR INJURY TO PERSONS, OBSERVE THE FOLLOWING:

a. Use this unit only in the manner intended by the manufacturer. If you have questions, contact the manufacturer.
b. Before servicing or cleaning unit, switch power off at service panel and lock the service disconnecting means to prevent power from being switched on accidentally. When the service disconnecting means cannot be locked, securely fasten a prominent warning device, such as a tag, to the service panel.

READ AND SAVE THESE INSTRUCTIONS
Important Safety Instructions

General Safety Precautions

To reduce the risk of fire, electric shock, serious injury or death when using your range hood, follow basic safety precautions, including the following:

⚠️ WARNING ⚠️

• If you receive a damaged product, immediately contact your dealer or builder. Do not install or use a damaged hood.
• Make sure that the range hood has been properly installed and grounded by a qualified installer according to the accompanying installation instructions. Have the installer show you the location of the fuse or junction box so that you know where and how to turn the power off.
• Do not install, repair or replace any part of the range hood unless specifically recommended in the literature accompanying it. A qualified service technician should perform all other service.
• To avoid the risk of electric shock, before servicing the range hood, switch power off at the fuse or junction box and lock the electrical panel door to prevent power from being switched on accidentally. When the electrical panel cannot be locked, securely fasten a prominent warning device, such as a tag, to the service panel.
• To avoid the risk of electric shock, before cleaning the range hood, turn off power at the circuit breaker panel or fuse box.
• Use the range hood only for its intended purpose as outlined in this manual. DO NOT use this range hood to vent hazardous or explosive materials or vapors. If you have questions, contact the manufacturer.
• Do not tamper with the controls.
• Never allow the filters to become blocked or clogged. Do not allow foreign objects, such as cigarettes or napkins, to be sucked into the hood.
• If the cooktop and range hood are near a window, use appropriate window treatment. Avoid long drapes or other window coverings that could blow over the cooktop and hood, resulting in a fire hazard.
• Always run the fan(s) whenever the cooktop is operating.
• Do not leave children alone or unattended in the area where the cooktop and range hood are in use. Never allow children to sit or stand on an appliance. Do not let children play with a range, cooktop or range hood. Do not store items of interest to children above or around the cooktop, range or range hood.
• The minimum vertical distance between the cooktop surface and the exterior part of the hood must be no less than 25" (63.5 cm). Consult the range or cooktop installation instructions for the minimum vertical distance from the appliance being used.
• To reduce the risk of a range top grease fire:
  a. Never leave surface units unattended at high settings. Boil-overs cause smoking and greasy spill-overs that may ignite. Heat oils slowly on low or medium settings.
  b. Always turn hood ON when cooking at high heat or when flambéing food (i.e. Crepes Suzette, Cherries Jubilee, Peppercorn Beef Flambe’).
  c. Clean ventilating fans frequently. Grease should not be allowed to accumulate on fan or filter.
  d. Use proper pan size. Always use cookware appropriate for the size of the surface element.
• TO REDUCE THE RISK OF INJURY TO PERSONS IN THE EVENT OF A RANGE TOP GREASE FIRE:
  a. SMOTHER FLAMES with a close-fitting lid, cookie sheet or metal tray, then turn off the burner. BE CAREFUL TO PREVENT BURNS. If the flames do not go out immediately, EVACUATE AND CALL THE FIRE DEPARTMENT.
  b. NEVER PICK UP A FLAMING PAN - you may be burned.
  c. DO NOT USE WATER, including wet dish clothes or towels - a violent steam explosion may result.
  d. Use a fire extinguisher ONLY if:
     ◊ You have a Class ABC extinguisher, and you already know how to operate it.
     ◊ The fire is small and contained in the area where it started.
     ◊ The fire department is being called.
     ◊ You can fight the fire with your back to an exit.
**Light Control Knob** - The light control knob turns the lights on and off and varies the light level.

**Filters** - Prevent grease and grime from getting into the fan.

**Lights** - 75 Watt (maximum) halogen lights.

**Hood** - The hood directs heat and smoke into the fan located inside the unit. The fan forces heat and smoke into the duct system which vents to the outside. The filter and the lights are located on the bottom of the hood.

**Fan Control Knob** - The fan control knob turns the fan on and off and sets the speed.
Important Operating Tips

• Always use the fan when cooking.
• Turn the fan on a few minutes before starting to cook to establish an airflow pattern in the room.
• Adjust the fan speed according to the volume and weight of the food you are cooking.
• Shut nearby windows and doors, turn off ceiling fans and close nearby heating and air conditioning outlets to reduce air currents around the hood.
• Place your largest pots and pans on the back burners when possible.
• In the interest of safety, heat oils and fats slowly.

Energy Saving Tips

• Do not operate the fan at a speed higher than necessary to remove heat and smoke. Running at too high a speed will draw in air from outside the house, increasing heating and cooling costs.
• Keep the filter system and hood surfaces free of grease and grime to improve efficiency.
• Turn the fan off as soon as all smoke and odors have been cleared.
• Select cookware of the proper size, material and construction for the cooking task. Always use lids on cookware to retain heat and moisture.
• Minimize the amount of liquid used to cook food.
### WARNING

To avoid the risk of fire, electric shock or personal injury:
- Turn off power to the hood at the circuit breaker panel or fuse box before cleaning.
- Clean the hood only in the manner specified.
- Use only the types of cleaning solutions specified in this manual.
- Thoroughly dry the filters immediately after cleaning.
- Turn off the cooktop or range and make sure that the appliance and range hood are cool before cleaning.
- To avoid damage to the fan, do not reinstall damaged filters (see page 6 for replacement part numbers).

### CAUTION

Always wipe stainless steel (silver colored) surfaces with the grain. To prevent scratching, do not use abrasive cleaners or scrubbers on stainless steel or glass surfaces.

Proper cleaning is necessary to ensure safe operation and maintain hood performance and appearance. The frequency of cleaning should be adjusted according to the type and amount of cooking. Best results will be achieved by cleaning soiled components as soon as possible.

### Cleaning Stainless Steel Surfaces

Clean stainless steel surfaces with a mild solution of detergent or dishwashing soap and warm water. Rinse and dry with a soft, lint-free cloth.

You may also use Dacor Stainless Steel Cleaner. Use it according to the directions on the package.

### Cleaning the Light Lens

Use a mild glass cleaner to remove smudges on the light fixture lens. You can also clean it with Dacor Cooktop Cleaning Creme. Use it according to the directions on the package.

### Cleaning the Filters

Clean the filters a minimum of every two months.

**To Remove the Filters:**
The filters (A) are located on the bottom of the hood, directly above the cooking surface.

1. Hold the filter in place with one hand and push back on the release lever (B) with the other.
2. While pushing back on the release lever, lower the filter out of the hood.

**To Clean the Filters:**
Hand wash the filters in hot water with a mild detergent solution or dishwashing soap. You can also place them in an automatic dishwasher. Dry the filters completely before reinstalling.

**To Reinstall the Filters:**
1. Insert tabs on the end of each filter opposite the release lever into the slots toward the back of the hood (above the hood rim). The release lever must be facing down.
2. Push back on the release lever while sliding the free end of the filter into the filter opening.
3. Release the lever.
Light bulb replacement is considered to be a homeowner maintenance operation. If all of the lights do not work, before replacing any bulbs, check to make sure power is on at the circuit breaker or fuse box.

Replace the light bulbs with Dacor part no. 700975 (see Replacement Parts). The halogen bulb replacement kit consists of a single bulb and suction cup.

**To replace the light bulb:**

1. Turn off power to the hood at the circuit breaker panel or fuse box.
2. Gently push the suction cup on the light replacement tool A (provided with your range hood) onto the lens of the light bulb B.
3. Turn the tool counter-clockwise until the bulb comes loose.
4. Remove the tool from the bulb and put it on the lens of the replacement bulb.
5. Screw the new bulb into the light fixture clockwise until it is tight.
6. Turn on power at the fuse box or circuit breaker panel. Turn the light knob counterclockwise to make sure the light is working.

Warranty

What is Covered

CERTIFICATE OF WARRANTIES:
DACOR RANGE HOODS

FULL ONE-YEAR WARRANTY

The warranty applies only to the Dacor appliance sold to the first use purchaser, starting from the date of original retail purchase or closing date for new construction, whichever period is longer. Warranty is valid on products purchased brand new from a Dacor Authorized Dealer or other seller authorized by Dacor.

If your Dacor product fails to function within one year of the original date of purchase, due to a defect in material or workmanship, Dacor will furnish a new part, F.O.B. factory the original date of purchase due to a defect in material or workmanship, Dacor will furnish a new part, F.O.B. factory the original date of purchase.

All delivery, installation, labor costs and other service fees are the responsibility of the purchaser.

LIMITATIONS OF COVERAGE

Service will be provided by a Dacor designated service company during regular business hours. Please note service providers are independent entities and are not agents of Dacor.

Dealer display and model home display products with a production date greater than 5 years, products sold “As Is,” and products installed for non-residential use, which include but are not limited to religious organizations, fire stations, bed and breakfast and spas carry a one year parts warranty only. All delivery, installation, labor costs and other service fees are the responsibility of the purchaser.

Consumable parts such as filters and light bulbs are not covered and are the responsibility of the purchaser.

LIMITATIONS OF COVERAGE

Service will be provided by a Dacor designated service company during regular business hours. Please note service providers are independent entities and are not agents of Dacor.

Dealer display and model home display products with a production date greater than 5 years, products sold “As Is,” and products installed for non-residential use, which include but are not limited to religious organizations, fire stations, bed and breakfast and spas carry a one year parts warranty only. All delivery, installation, labor costs and other service fees are the responsibility of the purchaser.

Warranty will be null and void on product that has altered, defaced or missing serial numbers and tags. The owner must provide proof of purchase or closing statement for new construction upon request. All Dacor products must be accessible for service.

*Warranty is null and void if non-UL approved product is transported from the U.S.

OUTSIDE THE FIFTY STATES OF THE U.S.A., THE DISTRICT OF COLUMBIA AND CANADA:

LIMITED FIRST YEAR WARRANTY

If your Dacor product fails to function within one year of the original date of purchase due to a defect in material or workmanship, Dacor will furnish a new part, F.O.B. factory to replace the defective part.

All delivery, installation, labor costs and other service fees are the responsibility of the purchaser.

What Is Not Covered

- Slight color variations may be noticed because of differences in painted parts, kitchen lighting, product placement and other factors; this warranty does not apply to color variation.
- Service calls to educate the customer on proper use and care of the product.
- Service fees for travel to islands and remote areas, which include but are not limited to, ferries, toll roads or other travel expenses.
- CONSEQUENTIAL or incidental damage, including but not limited to food or medicine loss, time away from work or restaurant meals.
- Failure of the product when used for commercial, business, rental or any application other than for residential consumer use.
- Failure of the product caused by improper product installation.
- Replacement of house fuses, fuse boxes or resetting of circuit breakers.
- Damage to the product caused by accident, fire, flood, power interruption, power surges or other acts of God.
- Liability or responsibility for damage to surrounding property including cabinetry, floors, ceilings and other structures or objects around the product.
- Breakage, discoloration or damage to glass, metal surfaces, plastic components, trim, paint or other cosmetic finish caused by improper usage, care, abuse or neglect.

Out of Warranty

Should you experience a service issue beyond the standard warranty period, please contact us. Dacor reviews each issue and customer concern to provide the best possible solution based on the circumstances.

THE REMEDIES PROVIDED IN THE ABOVE EXPRESS WARRANTIES ARE THE SOLE AND EXCLUSIVE REMEDIES. THEREFORE, NO OTHER EXPRESS WARRANTIES ARE MADE, AND OUTSIDE THE FIFTY STATES OF THE UNITED STATES, THE DISTRICT OF COLUMBIA AND CANADA, ALL IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE OR PURPOSE, ARE LIMITED IN DURATION TO ONE YEAR FROM THE DATE OF ORIGINAL PURCHASE. IN NO EVENT SHALL DACOR BE LIABLE FOR INCIDENTAL EXPENSE OR CONSEQUENTIAL DAMAGES. IN THE EVENT DACOR PREVAIGNS IN ANY LAWSUIT, DACOR SHALL BE ENTITLED TO REIMBURSEMENT OF ALL COSTS AND EXPENSES, INCLUDING ATTORNEY’S FEES, FROM THE DACOR CUSTOMER. NO WARRANTIES, EXPRESS OR IMPLIED, ARE MADE TO ANY BUYER FOR RESALE.

Some states do not allow limitations on how long an implied warranty lasts, or do not allow the exclusion or limitation of consequential damages, therefore the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights that vary from state to state.
