Α	Pump	1

# WARNINGS AND CAUTIONS

# **WARNING**

- Risk of electrical shock. This pump is supplied with a grounding conductor and grounding-type attachment plug. To reduce the risk of electric shock, be certain that it is connected only to a properly grounded, grounding-type receptacle (GFCI).
- Do not exceed the voltage shown on the pump.
- Always disconnect pump from the power source before beginning any maintenance or work on the pump.
- Inspect cord for damage before installation and/or maintenance. Replace the entire pump assembly if damage is found.
- Risk of electrical shock This pump has been investigated for use as a swimming pool cover pump only.
- Risk of electrical shock: This pump has not been investigated for use in swimming pools or marine areas
- Risk of electrical shock: Do not use this pump to drain the pool cover if there are people in the water.

# **CAUTION**

- Use a proper power source as indicated on the pump label.
- Keep the cord away from high temperatures or other heat sources.
- Do not pump heated liquids.
- Do not lift the pump by its power cord.

# **PREPARATION**

Before beginning assembly or operation of product, make sure all parts are present. Compare parts with package contents list and diagram above. If any part is missing or damaged, do not attempt to assemble, install or operate the product. Contact customer service for replacement parts.

- Estimated Assembly Time: 5 minutes
- No tools required for assembly.
- For best results remove leaves and debris from the pool cover.

# **ASSEMBLY INSTRUCTIONS**

1. Connect a garden hose to the check valve. Fig. 1

NOTE: The check valve prevents water from running back through the hose.

Fig. 1

2. Connect the check valve to the outlet of the pump. Fig. 2

Fig. 2

3. Place the pump into the water and connect to a proper power source. Fig. 3

NOTE: The pump will not turn on until it is submerged in water.

Fig. 3

4. Route the garden hose so that it discharges away from the pool. When the water is pumped off the cover, the pump will shut off. There will always be a small amount of water left on the pool cover. When rain occurs, the pump will turn on automatically. Fig. 4

Fig. 4

#### **CARE AND MAINTENANCE - PUMP**

- Regular cleaning of the pump may be necessary depending upon the environment in which it is operated. Clean the pump when it is visibly soiled or when a drop in performance is detected.
- Before cleaning, always disconnect the pump from the power source.
- Remove all parts from the pump and clean in warm, soapy water.
- Disassemble the filter assembly and remove the impeller cover to expose the impeller assembly. Remove the impeller assembly by gently pulling on the impeller blades. Use a soft cloth or brush to clean the impeller assembly and the inside of the impeller housing.

# **TROUBLESHOOTING**

If the pump fails to operate:

- Check to make sure the power cord is plugged in, the pump is getting power and the pump is fully submerged.
- Check the pump outlet and tubing for kinks or obstructions.
- Remove the inlet screen and/or pump cover, and impeller housing to expose the impeller. Turn the impeller to ensure that it is not broken or jammed.

If the performance of the pump is not satisfactory or the pump does not flow evenly:

- Check to make sure the pump is completely submerged in water.
- Check to make sure the impeller, water sensor and the housing are clean.

Ī	I Shaft	
J	Impeller assembly	

# LIMITED WARRANTY

All pumps and electrical products are warranted to the user against defective material and workmanship, under normal working conditions. This warranty period begins on the date of purchase by the original purchaser.

All aquanique<sup>™</sup> electrical products are warranted to the user against defective material and workmanship, under normal working conditions for 1 year from the date of purchase. All aquanique<sup>™</sup> liners are warranted to the user against defective workmanship, under normal working conditions for 20 years from the date of purchase. All other aquanique<sup>™</sup> product is warranted to the user against defective material and workmanship, under normal working conditions for 90 days.

# **Application**

Warranty covers only properly installed and maintained units. Pump warranty is limited to applications pumping fresh water in a pond or fountain only. Other liquid applications or extreme temperature uses must be approved in writing by the manufacturer. Receipt and product date code are required for warranty claims.

# **Warranty Claim**

Warranty claims must be made by calling customer service (at 1-888-755-6750). If the item is determined to be defective, you will be given authorization to return the defective part(s), <u>freight pre-paid</u>, along with proof of purchase.

# **Disposition**

The manufacturer will make a good faith effort for prompt disposition regarding all warranty claims. Returned product will be inspected to determine cause of failure before warranty is applied. Warranty does not cover any costs associated with the shipping, handling, installation or removal of products or parts subject to this warranty. For products damaged in transit, a claim should be filed with the carrier.

# **Disclaimer**

Any oral statements made about the product by the seller, the manufacturer, the representatives, or any other parties do not constitute warranties, should not be relied upon by the user, and are not part of the contract for sale. The seller's and manufacturer's only obligation, and buyer's only remedy shall be for the manufacturer to either replace and/or repair at the manufacturer's sole discretion, the product as described above. Neither seller nor the manufacturer shall be liable for injury, loss or damages for lost profits, lost sales, injury to person or property, or any other incidental or consequential loss arising from any cause whatsoever, no matter whether based upon warranty, contract, negligence or other misuse, and the buyer and user agree that no other remedy shall be available to them. Before using, the buyer and user shall determine the suitability of the product for the intended use, and assume all risk and liability whatsoever in connection therewith. The warranty and remedy described in this limited warranty is an exclusive warranty and remedy in lieu of any other warranty or remedy expressed or implied. All other warranties and remedies are hereby expressly excluded, including but not limited to any implied warranty of merchantability of fitness for any particular purpose. This warranty gives the buyer and user specific legal rights, and buyer and user may also have other rights which vary from state to state. Some states do not allow exclusions or limitations of incidental or consequential damages, so the above limitations or exclusions may not apply to you.
