## **Standard Roofing System Limited Warranty.**

Limitations on the transferability of this warranty are set forth herein.

#### Introduction

Thank you for your recent purchase of Owens Corning" roofing shingles and components (the "Roofing System") manufactured by Owens Corning Roofing and Asphalt, LLC ("Owens Corning"). We believe we manufacture the highest quality and most attractive Roofing System available anywhere, and that is why we stand behind them with one of the best warranties in the industry. We have attempted to write this warranty in clear, plain-English terms, including the limitations and restrictions, so you will fully understand the warranty we are making to you. However, the terms contained herein are subject to change without notice. If anything in this warranty is not clear to you, please call us at 1-800-ROOFING or visit our Web site at www.wowenscorning.com/roofing.

#### Who Is Covered

Your property must be located in the United States and you must be the original consumer purchaser (i.e., the property owner, not the installer or contractor), or the first transferee from the original consumer purchaser (Owner) of the Roofing System, you are entitled to the benefits of this warranty.

#### **Eligibility Requirements for this Warranty**

An Owens Corning" Shingle with a limited lifetime warranty is required in order to qualify for the Roofing System Limited Warranty. In addition, the following four (4) requirements must be met.

- 1. For your roof to qualify as a complete Roofing System, you must have purchased and installed Owens Corning" shingles, any No. 15 or No. 30 asphalt-saturated felt underlayment, Fiberglas" Reinforced Felt or Deck Defense" High Performance Roof Underlayment, and three (3) of the six (6) products listed below (one product from each category where applicable): If less than three (3) Owens Corning" components are used, these products will be warranted for the length of time as defined in their individual product warranties. See actual warranties for more detail.
- a. At least one Owens Corning" VentSure" product (intake vent or exhaust vent) must be used as part of a balanced air ventilation system consisting of both functional intake and exhaust ventilation products. If a VentSure" intake vent AND VentSure" exhaust vent are both used, this counts as one (1) of the three (3) requirements listed above. This system warranty excludes Illuminator" Tube Skylight Solar Powered Dimmer, electrical components of the VentSure" Solar Attic Exhaust Fan, and VentSure" off-ridge exhaust vents.
- b. Owens Corning™ Hip and Ridge shingles.
- c. Owens Corning" Underlayment products which qualify as the mandatory No. 15 or No. 30 asphalt-saturated felt underlayment. Using the Owens Corning" Fiberglas" Reinforced Felt or Deck Defense\* High Performance Roof Underlayment will count as one (1) of the three (3) requirements listed above if applied over the entire deck.
- d. Owens Corning™ Starter Shingle products,
- e. Owens Corning" WeatherLock\* Self-Sealing Ice and Water Barrier Products, and
- f. Owens Corning™ Illuminator® Tube Skylight.
- 2. Your Roofing System must be installed according to application requirements published by Owens Corning and in accordance with all generally accepted good roofing practices using American Roofing Manufacturers Association (ARMA) and National Roofing Contractors Association (NRCA) standard application guidelines and all local building code requirements which are in effect at the time of installation.
- 3. Your Roofing System must be installed over a clean roof deck with all existing roofing material and debris removed. Including, but not limited to felt, ice and water membrane, raised nails, flashing materials for chimneys, skylights, soil pipe boots, ridge and off-ridge vents, etc. Repairs must be made to any damaged or rotten wood decking. Deck material must meet the following dimension tolerances: 6" minimum width, 25/32" minimum thickness roof deck boards, 3/8" minimum thickness plywood sheathing or 7/16" minimum thickness OSB (oriented strand board panels). Deck spacing cannot exceed 1/4" between roof boards or between plywood or OSB sheathing.
- 4. All details and flashings are to be installed as per Owens Corning requirements and in accordance with all generally accepted good roofing practices (using ARMA and NRCA standard application guidelines) and in compliance with the above-listed Eliqibility Requirements numbered 1 through 3.

Exceptions to the **"Eligibility Requirements for this Warranty"** section may be made in Owens Corning's sole discretion and must be approved in writing by Owens Corning prior to Roofing System installation.

#### What Is Covered

We warrant that your Owens Corning" Roofing System is free from any manufacturing defects that materially affect their performance on your roof during the Tru PROtection" period or that cause leaks for the balance of the applicable warranty period. All non-Owens Corning products installed on your roof are excluded.

#### How Long Are You Covered

- 1. Tru PROtection\* Coverage Period—During the Tru PROtection coverage period of this warranty, Owens Corning will, at its option and subject to certain limitations, compensate you to either repair, replace or recover Owens Corning\* Roofing System components that Owens Corning determines are defective. The compensation provided by Owens Corning is limited to the cost of replacing Owens Corning\* Roofing System components and the labor directly required to repair, replace or recover such defective Owens Corning\* Roofing System components as reasonably determined by Owens Corning. Our compensation will not cover any non-Owens Corning\* Roofing System underlayment, metalwork, flashings or other related work, and we will not cover the cost to remove or dispose of your Roofing System. The Tru PROtection coverage period does not apply to Wind and Algae coverage. Please see "What About Wind Resistance" and "What About Algae Resistance" portions of this warranty for applicable coverage.
- 2. Prorated Period—Once the Tru PROtection coverage period for the Owens Corning" Roofing System purchased has expired, the prorated period will begin. Owens Corning Roofing System components will be covered, but labor will not be covered during the prorated period, and we will take into account the number of full years of use you have enjoyed your Roofing System from the original installation date through the date of your claim, and reduce the amount of our compensation to you accordingly. That is, we will prorate the amount of our compensation to you through the date of your claim for any manufacturing defects that cause leaks for the balance of the applicable warranty period. For example: If you make your claim in the fifteenth (15th) year of the warranty, we will not cover labor but our compensation to you will be 72% of the Owens Corning" Roofing System components cost at the time of purchase. Further detail can be found on the "Limited Lifetime\* Roofing System Proration\* Table" below.
- 3. Other Types of Structures—The coverage for the Owens Corning" Roofing System offered by this warranty applies only to single family detached homes. In the instance of a Roofing System purchased or installed upon property owned by, for example, corporations, governmental agencies, partnerships, trusts, religious organizations, schools, condominiums or cooperative housing arrangements, or installed on apartment buildings or any other type of building or premises not used by individual homeowners as their residence, the warranty period for lifetime Owens Corning" Roofing System will be forty (40) years from the original installation date of the Roofing System, and the Tru PROtection coverage period will be five (5) years. Further detail can be found on the "Limited Lifetime\* Roofing System Proration\* Table" below.

## Limited Lifetime<sup>a</sup> Roofing System Proration<sup>^</sup> Table

	T 7701 11 27 1 1		
Structure/Owner	Tru PROtection® Period Years 1–10	Prorated Period Years 11–40	Prorated Period Years 41 and Beyond
Single family detached home owned by individuals	100%	80% reduced by 2% every year thereafter until year 40	20%
Structure/Owner	Years 1-5	Years 6-40	Years 41 and Beyond
Any other types of structures or owners	100%	87.5% reduced by 2.5% every year thereafter until year 40	No coverage
A For as long as owner o	une homo	•	•

 $<sup>^{\</sup>scriptscriptstyle \Delta}$  For as long as owner owns home.

- 4. Exceptions—At all times, Owens Corning's obligation of compensation for repair, replacement, or prorated portion of the original purchase price of the defective Roofing System components is subject to certain limitations. Owens Corning will not provide compensation for any metalwork, flashings or other related work, and we will not compensate for the cost to remove or dispose of your Roofing System.
- 5. What About Wind Resistance—Your Owens Corning" Shingles and Hip & Ridge (the Shingle Products)contain asphalt sealant that requires direct warm sunlight for several days (Thermal Sealing) in order to seal properly. If your Shingle Products are installed during a

period of cool weather, they may not adequately seal until the season changes or the weather warms, and if your Shingle Products never receive direct sunlight or are not exposed to adequate surface temperatures, they may never achieve Thermal Sealing. Prior to Thermal Sealing, your Shingle Products are more vulnerable to blow-offs and wind damage. This is the fundamental nature of Shingle Products and not a manufacturing defect, and we are not responsible for any blow-offs or wind damage that may occur prior to Thermal Sealing having occurred. After your Shingle Products have achieved Thermal Sealing, however, they will be covered under this warranty if they experience blow-offs or wind damage in winds up to the levels listed in the chart at the end of this warranty. HOWEVER, THE COVERAGE AGAINST SHINGLE PRODUCT BLOW-OFFS OR WIND DAMAGE IS IN EFFECT FOR A PERIOD OF FIFTEEN (15) YEARS FROM THE ORIGINAL DATE OF INSTALLATION. Owens Corning will be liable only for the reasonable cost of replacing blown-off Shingle Products (to include material and labor during the applicable Tru PROtection warranty period) and the reasonable cost of manually sealing the unsealed Shingle Products remaining on the roof. Please refer to the "Transferability of **This Warranty"** below for applicable transfer coverage.

- 6. What About Algae Resistance—If the Shingle Products that you purchased were not specifically labeled as "Algae Resistant" (AR), then any discoloration caused by algae is not covered by this warranty as explained in the section below, "What Is Not Covered". However, if you did purchase AR Shingle Products, they are covered for the period described in the chart at the end of this warranty (prorated after the first year) following the date of installation ("AR Warranty Period") against brown-black staining caused due to growth of blue-green algae (primarily the cyanobacteria Gloeocapsa magma). We do not cover the effects of other growth such as mold, lichen, and green algae. If brown-black staining occurs during the AR Warranty Period, you will be entitled to the following remedy:
- A. Remedy for Blue-Green Algae Growth—If your AR Shingle Products are discolored due to blue-green algae growth during the first year of the AR Warranty Period, we will cover the cost, including labor (such cost not to exceed the initial cost of the AR Shingle Products plus the initial cost of installation), as reasonably determined by Owens Corning, to repair, replace or recover the affected AR Shingle Products, subject to certain limitations. We will not cover any metalwork, flashings or other related work, and we will not cover the cost to tear off or dispose of your AR Shingle Products. For purposes of this AR Shingle Products warranty, the term "repair" as used above refers to cleaning or otherwise removing any blue-green algae growth from affected AR Shingle Products. Decisions regarding whether your AR Shingle Products should be repaired, replaced or recovered will be made solely by Owens Corning.
- B. Proration—If your AR Shingle Products have been installed longer than one (1) year, labor will not be covered and we will prorate your Compensation to take into account the number of full years of use that you have enjoyed from the original installation date through the date of your claim. For example: If you make your claim anytime in the fourth (4th) year of the AR warranty and the AR warranty length is ten (10) years, our Compensation to you will be reduced by 3/10ths of the reasonable material cost of the affected Owens Corning" AR Shingle Products (such cost not to exceed 7/10ths of the cost at time of purchase of the Owens Corning' AR Shingle Products).

#### Transferability of This Warranty (Note: Based on Original Installation Date)

You can transfer this warranty one (1) time, anytime during the life of the warranty. For this warranty to be transferred, the new Owner must contact 1-800-ROOFING within sixty (60) days after the date of the real estate transfer to obtain the benefits of this warranty. Proof of purchase of the Owens Corning™ Roofing System and the installation date must be submitted at the same time. If the transfer takes place within the Tru PROtection Nonprorated period (see "Limited Warranty Information Table"), the second Owner is entitled to the same coverage as the original Owner. If the transfer occurs after the Tru PROtection Nonprorated period (see "Limited Warranty Information Table"), the balance of this warranty shall be reduced to a two (2) year period after the date of ownership change. If there is a manufacturing defect that causes leaks during this two (2) year period, our compensation to the second Owner will be based only on the reasonable cost of replacement of the Owens Corning™ Roofing System reduced by the amount of use the second (2nd) Owner and the original Owner have enjoyed from the original installation date through the date of your claim. The AR Warranty Period and Wind Warranty Period are fully transferable. The second (2nd) Owner will receive the balance of the coverage outlined in the "Limited Warranty Information Table" based upon the original installation date.

#### What Is Not Covered

Our warranty does not cover damage to the Owens Corning" Roofing System due to any cause not expressly covered herein. After our Roofing System leaves our manufacturing facility, it is subject to conditions and handling beyond our control that could affect their

performance. This warranty does not cover any problems with nondefective Roofing System products caused by conditions or handling beyond our control. Some examples of conditions not covered by this warranty include:

- Acts of God, such as hail, strong storms (hurricanes) or winds over the maximum windspeed listed in the chart at the end of this warranty, or ice damming above the area covered by leak barriers or flashings.
- Damage to or failure of the Roofing System as a result of damage to or the failure of the underlying roofing structure.
- Foot traffic on your roof or damage caused by object(s) (e.g., tree branches) falling on your roof.
- Improper or faulty installation of your Roofing System—installation must be in accordance with our written installation instructions and comply with local building codes.
- Shading, or variations in the color of your Owens Corning Shingle Products or discoloration caused by algae, fungi, lichen or cyanobacteria (unless covered under the section "What About Algae Resistance" above).
- Inadequate ventilation or roof drainage. Some exceptions may apply. If you have questions, please contact us at 1-800-ROOFING.
- Settlement of the structure of your property or buckling or cracking of the deck over which your Roofing System is installed.
- Damage to the Roofing System components caused by alterations made after completion of application, including structural changes, equipment installation, painting or the application of cleaning solutions, coatings, or other modifications.
- 9. Improper storage, handling or other conditions beyond our control.
- 10. Damages caused by, or the cost to repair or replace, any non-Owens Corning" shingles or products.
- 11. Improperly designed or installed gutter or downspout systems.
- 12. Any costs that you incur which are not authorized in advance by Owens Corning.

## Replacement Shingle Variations

As a result of our ongoing efforts to improve and enhance our Shingle Products, we must reserve the right to discontinue or modify our Shingle Products, including their colors. We are not liable to you if you make a warranty claim in the future and any replacement Shingle Products you receive vary in color either because of normal weathering or changes in our product line. You should understand that if we replace any of your Shingle Products under this warranty, we reserve the right to provide you with substitute Shingle Products that are comparable only in quality and price to your original Shingle Products.

#### Compensation

Under the terms of this Roofing System Limited Warranty, the manner of Compensation is at Owens Corning's sole discretion and may be issued in the form of cash settlement and/ or material credit for Owens Corning" Products to an existing supplier of Owens Corning" Roofing materials. All costs must be pre-approved by Owens Corning. Note: The prorated material cost will be determined by the cost of the Roofing System at the original time of purchase.

#### No Modifications to this Warranty

Except as permitted under the **"Eligibility Requirements for this Warranty"** section, this warranty may not be changed or modified. No one, including any representative or employee of Owens Corning and any representative or employee of a contractor or installer has authority to assume any additional liability or responsibility for Owens Corning or in any way modify or change this warranty.

#### Claims Process

To make a claim under this warranty, you need to do so within thirty (30) days after you discover the problem. Just call us at 1-800-ROOFING or visit us at: http://www.owenscorning.com/roofing/warranty-101/file-claim/. To fully evaluate your claim, we may ask you to provide, at your expense, pictures of your Roofing System products and/or shingle samples for us to test. If you have any questions, do not hesitate to call 1-800-ROOFING or visit our Web site at www.roofing.owenscorning.com.

#### Limitations

THIS WARRANTY IS EXCLUSIVE AND REPLACES ALL OTHER WARRANTIES, CONDITIONS, REPRESENTATIONS AND GUARANTEES, WHETHER EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, WHETHER BY STATUTE, AT LAW OR IN EQUITY AND IS LIMITED IN LENGTH TO THE EXPRESS WARRANTY PROVIDED ABOVE UNLESS A SHORTER PERIOD IS PERMITTED BY LAW.

THIS WRITTEN WARRANTY IS YOUR EXCLUSIVE WARRANTY FROM OWENS CORNING AND REPRESENTS THE SOLE REMEDY TO ANY OWNER OF OWENS CORNING "ROOFING SYSTEM. OWENS CORNING MAKES NO OTHER REPRESENTATIONS, WARRANTIES OR GUARANTEES OF ANY KIND OTHER THAN THOSE STATED EXPLICITLY HEREIN.

PUBLICATION DATE: March 1, 2014

YOUR REMEDY FOR DEFECTIVE ROOFING SYSTEM PRODUCTS IS FULLY DESCRIBED IN THE PRECEDING SECTION, "HOW LONG ARE YOU COVERED." YOU ARE NOT ENTITLED TO ANYTHING MORE THAN WHAT IS DESCRIBED IN THAT SECTION UNLESS OTHERWISE COVERED BY AN OPTIONAL OWENS CORNING" ENHANCED WARRANTY. WE ARE NOT RESPONSIBLE FOR ANY INCIDENTAL, CONSEQUENTIAL, SPECIAL, PUNITIVE, OR OTHER DAMAGES OF ANY KIND INCLUDING DAMAGE TO YOUR STRUCTURE OR TO YOUR STRUCTURE'S CONTENTS WHETHER FOR BREACH OF THIS WARRANTY, NEGLIGENCE, STRICT LIABILITY OR OTHER CLAIMS DERIVED IN TORT OR FOR ANY OTHER CAUSE.

Some states do not allow limitations on how long an implied warranty lasts and/ or do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. To the extent that this warranty is inconsistent with local law, this warranty shall be deemed modified to be consistent with such local law. This warranty gives you specific legal rights and you may also have other rights which vary from state to state.
