

ELIGIBILITY

UFP Ventures II, Inc. (the "Warrantor") is pleased to extend this Warranty to you, the original end user of the product. This Warranty is valid for Style Selections™ composite decking products used in a standard residential application and may not be assigned or transferred by you.

25-YEAR LIMITED WARRANTY – STAIN RESISTANCE

Warrantor will, at Warrantor's sole discretion, replace or refund the appropriate prorated portion of the purchase price as set forth below for any Style Selections™ composite decking used in a residential deck application that exhibits permanent staining in the first 25 years from the date of purchase when exposed to food and beverage spills including wine, tea, coffee, fruit punch, sodas, catsup, salad oils, barbeque sauces, mustard and other food or beverage related items that would typically be present on a residential deck. Any such spill should be removed from the decking material with water and mild household cleaners within forty-eight (48) hours of exposure to the surface. Staining as a result of spilled abrasive compounds of acidic or basic pH, strong solvents, oil-based paints or stains, metallic rust and other abnormal items not commonly used on a residential deck are not covered under this warranty.

25-YEAR LIMITED WARRANTY – FADE RESISTANCE

Warrantor will, at Warrantor's sole discretion, replace or refund the appropriate prorated portion of the purchase price as set forth below for any Style Selections™ composite decking product used in a residential deck application that exhibits "Excessive Color Fade" within the first 25 years from the date of purchase. Excessive Color Fade is defined as a change in color greater than five (5) Delta E (CIE) when calculated according to ASTM D2244 for all non-variegated color surfaces. Excessive Color Fade for variegated color surfaces is defined as an unreasonable amount of color change in excess of "Normal Weathering."

LIMITATIONS ON WARRANTY

Stain Limitations: Style Selections™ composite decking products are not stain-proof. Care must be taken to remove all food, beverage and other spilled materials with water and a mild household cleaner within forty-eight (48) hours of exposure. Stains resulting from spilled abrasive compounds of acidic or basic pH, strong solvents, oil-based paints or stains, metallic rust and other abnormal items not commonly used on a residential deck are excluded from coverage under this warranty; excluded stains include but are not limited to pet or human bodily fluids such as blood, vomit, urine or feces, and fungicides, bactericides, biocides and chemical-based plant food. Mold and mildew can settle and grow on any outdoor surface and, if not properly cleaned, can stain that surface. Staining associated with mold or mildew that is not properly cleaned within one week of first appearance is not covered under this warranty. If stains persist, you will be required to produce documentation that you attempted to have the deck professionally cleaned at least one time prior to making a claim under this warranty.

Fade Limitations: No decking material is fade-proof when exposed to sunlight and other common atmospheric conditions. Normal Weathering is to be expected over the life of the product and is not covered under this warranty. Normal Weathering is defined as exposure to sunlight and extremes of weather and atmosphere that will cause any colored surface to gradually fade, chalk, or accumulate dirt or stains.
