Cleaning and Care Instructions

- We recommend you wipe your faucets dry after every use. This will prevent accumulation of mineral deposits left when water evaporates. Use a soft cloth for wiping all surfaces.
- Avoid harsh and abrasive cleaners on all faucet surfaces. Use only a soft, damp cloth with mild liquid soap to clean the finished surfaces of all faucets.
- Do not use plumber's putty or detergents with Lacquered Brass or Supercoat Brass finishes.

Dimensions of fixture are nominal and may vary. Dimensions and specifications subject to change without notice.
