## Installation Notes

Install this product according to the installation guide.

Refer to installation instructions included with fixture before beginning installation.

If installing a rim-mount faucet, make sure there is no interference with drain overflow and circulating system before drilling any holes. Consult local and national codes for minimum air gap requirements if installing a spout on the faucet deck.

Unless otherwise specified, floor support under bath must provide for a minimum of 40 lbs/square foot (195 kg/square meter) loading.

No change in measurements if connected with drain illustrated. (K-7161-AF)

Recommended Faucet Area
