GE Profile™ 27" Built-In Single Convection Wall Oven

Dimensions and Installation Information (in inches)

KW Rating	
240V	3.4
208V	2.6
Breaker Size	
240V	20 Amps
208V	20 Amps

Note: These ovens are *not* approved for stackable or side-by-side installations. These ovens can be installed side-by-side with no less than 30" distance between center-to-center of each oven.

Note: Cabinets installed adjacent to wall ovens must have an adhesion spec of at least a 194°F temperature rating. For 27" built-in single ovens, if marks, blemishes or the cutout opening is visible above the installed oven, it may be necessary to add wood shims under the runners and front trim until the marks or openings are covered. **Electric wall ovens are not approved for installation with a plug and receptacle. They must be hard wired in accordance with installation instructions.**

Note: Door handle protrudes 3" from door face. Cabinets and drawers on adjacent 45° and 90° walls should be placed to avoid interference with the handle.

Installation Information: Before installing, consult installation instructions packed with product for current dimensional data.
