Product Specification

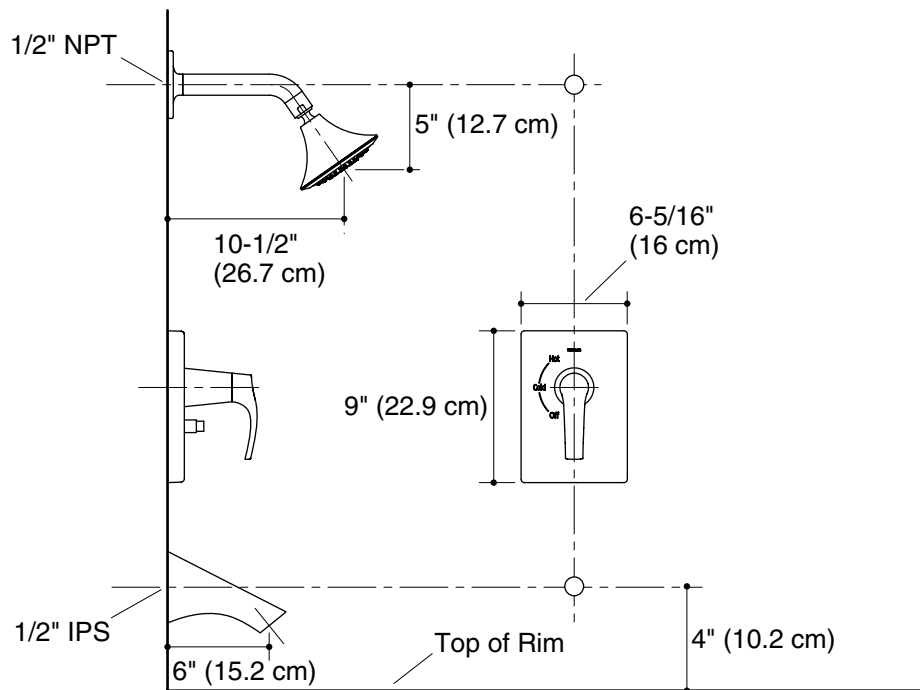

The bath spout, bath and shower, shower, and valve faucet trim shall be made of brass construction. Product shall feature a front seal plate assembly and lever handle. Product shall include showerhead with arm and flange (K-T18488 and K-T18489 only). Product shall include a non-diverter spout with NPT connection and a push-button diverter (K-T18488 only). Product is intended for use with Rite-Temp or HiFlow Rite-Temp valves. Product shall be Kohler Model K-T____-____-_____.

SYMBOL™

Installation Notes

Install this product according to the installation guide.

NOTICE: Risk of product damage. Long screws, for installing trim, can damage the K-2971-KS valve. Consult the trim installation guide to verify if the thin wall installation kit (88526) is needed.
