- Monochromatic Stainless Steel with Apollo Grey Cabinet (MS)

### FreshChill™ Temperature Management System

Keeps ingredients under optimum storage conditions to help maintain food freshness. A thermostat responds to changes in temperature and activates a fan that circulates air throughout the refrigerator.

### ClearVue™ Bins with Window

ClearVue™ Bins allow you to easily see contents of drawers from the outside.

### SpillClean™ Glass Shelves

Clear glass shelves with raised edges help prevent spills from running over and provide added visibility.
