⚠ IMPORTANT SAFETY INSTRUCTIONS ⚠

1. Save these instructions and refer to them when additions to or changes to the fixture are made.
2. Do not install this fixture in damp or wet locations.
3. **CAUTION** - Do not install any fixture assembly closer than 6 inches from any curtain, or similar combustible material.
4. Turn off power prior to any work on the systems.
5. Please check that the total lamp wattage does not exceed 50W or wattage specified by fixture.
6. Warranty is void in case of unauthorized modifications and/ or improper use.

READ ALL OF THESE INSTRUCTIONS BEFORE INSTALLATION

INSTRUCTIONS FOR USE

- Insert the lamp into the socket as far as it will go. Make sure the pin spacing and wattage are correct for your fixture.

- Mount the fixture to the canopy or adaptor by plugging in the Uni-Plug. The Uni-Plug will 'click' when properly inserted. Tighten the retaining collar to complete the installation (see diagram).

INSTALLATION INSTRUCTIONS

INSTRUCTIONS FOR USE

1. Disassemble the uni-plug by:
 - removing plug A with the hexagonal key.
 - removing the knurled screw B.
 - loosening screw C.
 - unscrew part D with the hexagonal screw.
 - loosening screw F.
 - pushing the cable G through the plug reception H.
 - removing the clamp conus E.
2. Shorten the cable G to the desired length. Push the clamp conus E on. Push the stranded exterior of the cable G so that the interior cable is exposed.
3. Place the cable G with clamp conus E into the plug reception H. Screw in the interior part D.
4. Cut the excess interior cable so that it is flush with part D.
5. Push the stranded cable G through the plug reception to re-expose the interior cable. Strip away 4mm of insulation away from the interior cable.
6. Attach screw plug with plastic sleeve K; fasten screw C firmly.
7. Pull the exterior cable G back. Push the screw plug with plastic sleeve K into the interior part D. Place the knurled nut on to the plug reception. Screw the plug A on and fasten it firmly.
8. Fasten the screw F.
