Assembly and Installation Instruction

Warning!!! Shut Power Off At Fuse or Circuit Breaker .

1. Carefully unpack your new fixture and lay out all the parts on clear area.
   Take care not to loose any small parts necessary for installation.

2. Attach two Mounting Screws to Mounting Strap and tighten with Hex Nuts.

3. Secure Mounting Strap to Outlet Box by threading two Outlet Box Screws
   through the key hole.

4. Connect the White Fixture Wire to the White Supply Wire, Connect the
   Black Fixture Wire to the Black Supply Wire. Make sure all Wire Connectors
   are secure and do not easily pull off with the slight tug. Connect Ground Wire
   from the Outlet Box and Fixture Ground Wire to the Mounting Strap with the
   Green Grounding Screw provided.

5. After the wires connected, raise Fixture Pan against ceiling and tighten with
   Finials.

6. Insert Bulbs to Socket.

7. Secure threaded Nipple to the Connector and tighten with Hex Nut.

8. Slide Glass Shade, Spacer, Rubber washer and Steel Washer to the Threaded Pipe
   and tighten with Hex Nut.

9. Put the Fitter through Threaded Nipple protrude through Glass Shade and tighten
   securely with Decorative Nut.

10. Your installation is now complete.
