

OY0109-4 Installation Instruction

Please Scan the QR code to watch the installation video. If you have any questions, please feel free to contact us through the order page.

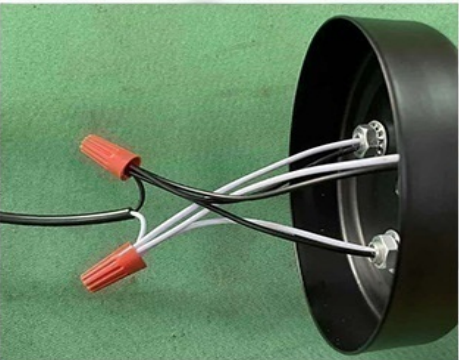

1. Lock the lamp arms to the canopy as shown in the diagram.

Black wire (or brown wire): Connect to live wire (L)
White wire (or blue wire): Connect to neutral wire (N)

2. Pass the assembled lamp arm wires through the canopy and tighten it.

Bulbs Not Included

Recommended Bulbs: Model: G80 LED
Socket: E26

3. Connect the wires of the same color together and then connect them to the main wire of the fixture. Use pliers to secure the wires tightly, ensuring they do not come loose.
4. Secure the mounting bracket in the ceiling using nails and expansion screws.

Notes:

Verify the bulbs before installation.
Turn off the power before installation.
Professional installation is recommended.
